SECTION 5 - NETWORK SERVICES DESCRIPTIONS, (CONT'D.)

5.13 FLEXlinx Service

This service may also be marketed as "Windstream TI Bundle". **(N)**

FLEXlinx Service offers business customers a full service package consisting of voice and data channels, calling features, long distance and various non-regulated services. Customers must order and maintain a minimum of six channels.

Non-regulated services and associated terms and conditions are described NuVox sales/marketing materials. FLEXlinx is offered subject to the availability of facilities and technology and compatibility with customer equipment.

5.13.1. FLEXlinx Optional Standard Features

The following features are available upon request at no additional charge:

Hunting, Call Forward Universal, Call Forward Busy, Caller ID, Call Forward Don't Answer, Call Forward Remote Access, Three-Way Calling, Call Waiting, Call Forward Busy/Don't Answer, Auto Redial, Call Holding, Call Transfer Disconnect, Speed Dialing 30, Toll Restriction, Direct Inward Dialing numbers (twenty numbers per package), Extended Area calling, Directory Primary Listing (one per package), and Account Codes.

Other services/features not listed above can be added to FLEXlinx subject to the rates and conditions specified in appropriate tariff sections, customer compatibility, and technological compatibility.

SECTION 5 - NETWORK SERVICES DESCRIPTIONS, (CONT'D.)

5.14 NuVox NetPlus Service

This service may also be marketed as "Business Line". **(N)**

NuVox NetPlus Service is an analog, loop-start channel that can be connected to a single device, e.g., a single line telephone set, fax, or modem. NetPlus channels cannot be used to serve multi-line devices such as key systems or PBXs. This facility may be provided via either central office unbundled loop or resale arrangements.

5.15 Private Line-Voice Only

The product is a "standard" ISDN PRI application. The product will be a "full" ISDN only. Fractional or "per channel" service will not be offered. DID will be offered as an optional service. Must have a minimum of one year term.

5.16 Customer Rewards

Customer Rewards is designed to reward customers for referring new business to NuVox. Customers will receive a recurring fixed dollar commission credit on their monthly invoice for a twelve-month period. This commission will be determined by the referred-customers stated monthly recurring revenue (MRR) and applied to the following credit payment. Discounts are subtracted from the base rate prior to the computation of taxes and fees.

5.17 ISP PRI Product

Designed to offer access for regional ISPs. An ISP's existing number will be ported to the NuVox PRI. Calls to the ISP's number will allow customers of the ISP to call in and allow the ISP remote access.

Service is offered for inward calls only. ISP must sign a one year contract. Available only where facilities allow. Access to ISP must come through NuVox's switch.

SECTION 5 - NETWORK SERVICES DESCRIPTIONS, (CONT'D.)

5.18 VoxIP Service

This service may also be marketed as "Windstream VoIP and Data Bundle". **(N)**

VoxIP Service is a family of NuVox services utilizing Voice over Internet Protocol technology. VoxIP Service available with T1, ISDN-PRI or other transport mechanism. VoxIP is offered subject to the availability of facilities and technology and compatibility with customer equipment, wiring, and software.

VoxIP is available to new customers, and to existing customers upon expiration of their existing contracts for other NuVox service. Existing customers who convert to VoxIP are not entitled to accumulated long distance minutes associated with their pre-existing contract. Multi-location customers can, but are not required, to have VoxIP at all locations. NetPlus lines are available with VoxIP.

Pricing in this section does not include handsets, wiring, installation, LAN assessment, or any other special installation or services unless specified herein. Customer is responsible for subscribing to appropriate levels of bandwidth, based on the number of users, to accommodate local, long distance and 911 calling. Customer is responsible for complying with any guidelines or terms regarding this service and for having necessary facilities in place for its operation. NuVox is not responsible for outages or performance issues that might occur if Customer does not to conform to these guidelines.

VoxIP customers must maintain a minimum monthly commitment, defined as 85% of their monthly recurring charges at initial installation. Customers may decrease their services without penalty provided they do not fall below their minimum monthly commitment.

SECTION 5 - NETWORK SERVICES DESCRIPTIONS, (CONT'D.)

5.18 VoxIP Service, (Cont'd.)

5.18 VoxIP Service, (Cont'd.)

5.18.3 VoxIP Session Initiation Protocol (SIP) Trunking

This service may also be marketed as "Windstream VoIP and Data Bundle". **(N)**

VoxIP SIP Trunking uses Session Initiation Protocol technology to establish a single physical connection to the NuVox VoIP Network. This connection can be used for inbound/outbound local and long distance voice communications, as well as for data and Internet access. SIP Trunking is designed for termination on a customer-owned IPPBX system and is offered subject to technology availability and CPE compatibility. Other VoxIP services may be bundled with SIP Trunking contingent upon availability and compatibility and subject to the monthly recurring and nonrecurring pricing as described elsewhere in this section.

A. VoxIP SIP Features

1. **Direct Inward Dialing (DID):**
DID service is available to host and remote locations that are in the NuVox footprint. Remote site DID service requires that a physical address be associated with each DID for the provision of local calling and 911 emergency routing service. VoxIP NuFeatures DID pricing applies to SIP Trunking.

2. **Call Paths:**
Customers can choose between 1 and 96 Call Paths. Pricing will be calculated based on the number of simultaneous call paths that are specified on a per customer basis.

3. **SIP Compression:**
This optional feature increases simultaneous calls and call path capacity by condensing message size prior to sending messages across the network. SIP Compression MRC applies in addition to the Call Path MRC.

4. **Long Distance:**
Pricing in VoxIP LD and LD Bucket sections applies to SIP Trunking. Additionally, SIP Trunking customers may qualify for LD pricing determined on an ICB basis.

5.18 VoxIP Service, (Cont'd.)

5.18.4 VoxIP Hosted PBX

This service may also be marketed as "Windstream Hosted VoIP and Data Bundle". (N)

Hosted PBX is a user-based service that provides shared inbound/outbound local service, long distance and features that can be administered at the user, administrator, or service provider level. Hosted PBX services can be delivered over VoxIP transport service or another service provider's transport. Each user has an assigned telephone and basic features, and the option of subscribing to additional features. Other NuVox services may be bundled with Hosted PBX services subject to availability and compatibility and applicable recurring and nonrecurring pricing.

Direct Inward Dialing (DID): DID service is available to host and remote locations in the NuVox's footprint. DID service requires that a physical address be associated with each DID for the provision of local and long distance calling and 911 emergency routing service. VoxIP NuFeatures DID pricing applies.

Long Distance: VoxIP customers may call other NuVox VoxIP customers at no additional charge. VoxIP LD and LD Bucket pricing applies to Hosted PBX offerings. Additionally, Hosted PBX customers may qualify for ICB pricing.

Note: Free long distance calling between VoxIP Customers is grandfathered and available only to existing Customers for the duration of their current contracts. (N) (N)

Enhanced Feature Bundle (N)

Users who subscribe to VoIP Hosted PBX may add the Enhanced Feature Bundle for a monthly recurring charge. The Enhanced Feature Bundle may be available with other services, subject to compatibility and availability. (N)

SECTION 11 - SPECIAL ARRANGEMENTS, (CONT'D.)

11.2 Individual Case Basis (ICB) Arrangements

Individual Case Basis (ICB) pricing, services and arrangements may be developed by the Company upon request and offered at its discretion on a case-by-case basis to a Customer or potential Customer. ICB offerings will take into account special Customer considerations including, but not limited to, bundled services, volume or term commitments, or a response to a competitive offering, and may differ from rates, terms or services otherwise found in this document. ICB rates and terms will be offered to the Customer in writing and a contract entered into between the Company and the Customer and provided on a non-discriminatory basis. Terms of ICB arrangements will be provided to the Commission pursuant to applicable rules, regulations or laws on a proprietary basis. **(T)**

11.3 Contracts

The Company may provide any of the services offered under this tariff, or combinations of services, to Customers on a contractual basis. The terms and conditions of each contract offering are subject to the agreement of both the Customer and Company. Such contract offerings will be made available to similarly situated Customers in substantially similar circumstances. Rates in other sections of this tariff do not apply to Customers who agree to contract arrangements, with respect to services within the scope of the contract. Not withstanding the forgoing, the Company reserves the right to increase rates during the term thereof subject to the rates, terms and conditions as set forth in this tariff. Such rate increases will take effect following customer notification as required by Commission rules.

Services provided under contract are not eligible for any promotional offerings which may be offered by the Company from time to time.
