LOCKHART POWER COMPANY
SCHEDULE SL
STREET LIGHTING SERVICE

AVAILABILITY

Available to municipalities or others by Special Agreement in which the Company owns and operates the electric distribution system.

All-night street lighting service using Company standard equipment mounted on poles which are a part of the overhead distribution system.

Lamp Rating In Watts	Type of Light	Per Light per Month On Creosote Pine Poles	On Other Poles (1)
100 / 175	Open	10.62	See Extra
100 / 175	Enclosed	12.22	Facilities
400	Enclosed	19.68	Schedule EF

EXPLANATORY NOTES

(1) "Other Poles" refers to non-ornamental poles of metal, or other materials.
(2) Additional lamps of these sizes will not be available after the effective date of this schedule.
(3) All facilities necessary for service under this Schedule, including fixtures, lamps controls, poles, hardware, transformer, conductors and other appurtenances shall be owned and maintained by the Company.
(4) When two or more lights are mounted on the same pole:
  (a) if the pole is other than creosote pine, the rate of charge for one light shall be that shown in the column headed "on other poles' and the rate of charge for the other light or lights shall be that shown in the column headed "on creosote pine poles."
  (b) if the pole is creosote pine the rate of charge for each light on the pole shall be that shown in the column headed "on creosote pine poles."

PAYMENT

The above rates are net rates for service furnished under this Schedule and are due and payable at the office of the Company on or before the due date shown on the bill.

CONTRACT PERIOD

The term of contract shall be:
(a) Ten years for all lights mounted on poles other than wood.
(b) One year for all lights mounted on wood poles.
