**SECTION 2 – RULES AND REGULATIONS, CONT.**

**2.5 Deposits**

The Company does not require a deposit from the Customer.

**2.6 Payment for Service**

2.6.1 The customer is responsible for all charges for services and equipment furnished to the Customer or to an authorized user of the Customer by the Company. All charges due by the Customer are payable to the Company or to the Company's authorized billing agent. Terms of payment shall be according to the rules and regulations of the billing agent and subject to the rules of regulatory agencies, including the Commission.

2.6.2 Customers pay an activation fee specified in section 9.1 of this tariff (maximum of \$60.00) and receive a term of 30 days of service for the first month. Each month after the initial start-up the customer will be pre-billed for 30 calendar days per month. The customer's bill will be created the day following the connection date (CN) at which time the billing cycle is established. The Company offers a pre-paid service that requires customers to pay prior to the service period. Each month the customer will be billed 20 calendar days before the due date for the following month's service. For the customer to remain in a pre-paid status the due date for the pre-payment is scheduled 5 calendar days prior to the service end date. If payment is not received within 5 days after the due date, additional attempts to contact the customer by phone are scheduled prior to the service suspension date. Customers who do not make payment are processed for suspension on the 11<sup>th</sup> day following the due date and are processed for disconnection 10 days after the date of suspension. If payment is not received by the service end date, the customer must pay a late payment fee in addition to the past due balance. (T)
