

EXPERIMENTAL

RESIDENTIAL MULTI-FAMILY ENERGY EFFICIENCY PROGRAM MEE-2A

PURPOSE

The purpose of this program is to encourage the installation of new energy efficient measures and devices in multi-family apartments to reduce energy usage.

AVAILABILITY

This program is available to property managers of individually-metered apartments consisting of four (4) or more dwelling units per building where the residences are served under any Duke Energy Progress residential rate schedule from the Duke Energy Progress retail distribution system. Each dwelling unit shall have its own individual electric water heater.

PROGRAM

The Company will provide and install at no cost to the property manager certain energy efficient appliances, devices and other measures including, but not limited to, high efficiency lighting and low flow water measures.

Supersedes Program MEE-2

Effective for service rendered on and after August 1, 2015

SCPSC Docket No. 2015-237-E, Order No. 2015-542
