RE: SBC Long Distance, LLC (d/b/a AT&T Long Distance) Local Exchange Services, S.C.P.S.C. Price List No. 9

Dear Ms. Rogers:

Enclosed please find for filing an original of the proposed tariff of SBC Long Distance, LLC (SBCLD) d/b/a AT&T Long Distance (AT&T-LD), Local Exchange Services Tariff, S.C. P.S.C. Tariff No. 9.

The purpose of this tariff filing is to grandfather SBCLD's offer of Business and Residence Services. Our business customers have been notified of the proposed changes (see sample notice attached). There are no residence customers, hence, no customer notice was given.

We request an effective date of July 13, 2007 if you have any questions or need additional information.

Sincerely,

Sam Maropis

Associate Director-Regulatory

Important Notice: Change in Your Local Telephone Service

Dear Valued Business Customer:

As you know, in November 2005, SBC Communications Inc. acquired AT&T Corp. As part of the integration process, the affiliated companies are streamlining their business services portfolios. As a result, several local telephone services offerings by AT&T Long Distance are being phased out and comparable local services will continue to be provided by one of AT&T Corp.'s affiliated companies

The local services in South Carolina from AT&T Long Distance affected by this action are:

- Local Business Access Lines, Phone Solutions and Phone Solutions Plus
- Local Intrastate Private Line
- Local Primary Rate ISDN (PRI)
- Local Digital Trunks (DTS)
- Local T-1 Integrated Access (IAS)

Note: Other AT&T Long Distance services are not affected

Our records indicate you currently have one of the services impacted by this change. AT&T values your business and looks forward to continuing to meet your telecommunications needs by offering comparable services – with no installation charges at equally competitive rates.

All existing AT&T Long Distance local service customers of record as of July 11, 2007, pending regulatory approval, and customers who have signed a contract or letter of intent on or before that date, will be provided service under the terms and conditions in effect on that date. These terms and conditions will apply until such time as the service is disconnected.

Subsequent additions or changes to existing service may be made at the terms and conditions in effect on July 11, 2007 (subject to availability of equipment and facilities) and at the rates in effect at the time the order is placed. No orders for service from new customers will be accepted after July 11, 2007, pending regulatory approval.

SBC must file a request to discontinue service at the FCC. The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the Commission releases public notice of the proposed discontinuance. Address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the §63.71 Application of SBC Long Distance, LLC, d/b/a AT&T Long Distance. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.

We value you as our customer and look forward to continuing to meet your telecommunications service needs. Please contact your AT&T Account Manager or AT&T at (877) 430-7228 if you have any questions regarding this matter.

Sincerely,

AT&T Long Distance
