

RESIDENTIAL SERVICE  
MY HOME ENERGY REPORT PROGRAM RS-HERP-2A

PURPOSE

The purpose of this program is to provide comparative usage data for similar residences in the same geographic area to motivate customers to better manage and reduce energy usage. The program will assist residential customers in assessing their energy usage and provide recommendations for more efficient use of energy in their homes. The program will also help identify those customers who could benefit most by investing in new energy efficiency measures, undertaking more energy efficient practices and participating in Duke Energy Progress programs.

AVAILABILITY

The program is available at Company's option to residential customers served on a Duke Energy Progress residential rate schedule from Duke Energy Progress' retail distribution system. Company may require a minimum number of months of historical usage data before allowing participation

INCENTIVE

Customer will receive periodic comparative usage data reports via direct mail or online channels.
