Ms. Jocelyn Boyd, Chief Clerk
South Carolina Public Service Commission
101 Executive Center Dr.
Columbia, SC 29210

**RE: BullsEye Telecom, Inc.
Revision for South Carolina Tariff No. 2 (Access)**

Dear Ms. Boyd:

Enclosed for filing please find the above referenced tariff filing submitted on behalf of BullsEye Telecom, Inc. ("Company"). This filing revises language under Identification and Rating of VoIP-PSTN Traffic and revises the terminating switched access rates to mirror the Company's interstate access rates and rate structure in compliance with the requirements of the Federal Communications Commission Report and Order in WC Docket No. 10-90, *et.al.*, FCC No. 11-161. The Company's interstate access tariff is on file with the Federal Communications Commission and can be viewed at the following link: <https://apps.fcc.gov/etfs/public/lecTariffs.action?idLec=283>. The Company respectfully requests an effective date for this filing of July 1, 2013.

The following tariff pages are included:

3 rd Revised Page 2	Updates Check Sheet
1 st Revised Page 24.2	Revises Identification & Rating of Toll VoIP-PSTN Traffic
1 st Revised Page 24.3	Revises Identification & Rating of Toll VoIP-PSTN Traffic
Original Page 24.3.1	Moves Text
1 st Revised Page 24.4	Deletes Initial PVU Factor
1 st Revised Page 59	Deletes Terminating Carrier Common Line Maximum Rate, Changes Note 1 Text
1 st Revised Page 60	Deletes Direct Trunked Transport, Changes Terminating Access Maximum Rates, Changes Note 1 Text, Adds Note 2
1 st Revised Page 61	Changes Terminating Switched Access Maximum Rate, Changes Note 1 Text, Adds Note 2
1 st Revised Page 63	Changes Service Order Charges Text to Reference to FCC Tariff Rates
1 st Revised Page 67	Deletes Terminating Carrier Common Line Current Rate, Changes Terminating Access Current Rates, Deletes Direct Trunked Transport, Changes Note 1 Text, Adds Note 2
2 nd Revised Page 68	Changes Terminating Switched Access Current Rates, Changes Note 1 Text, Adds Note 2
1 st Revised Page 69	Changes Service Order Charges Text to Reference to FCC Tariff Rates

Any questions you may have regarding this filing should be directed to my attention at 407-740-3002 or via email to cwightman@tminc.com. Thank you for your assistance in this matter.

Sincerely,

/s/ Connie Wightman

SECTION 2 - RULES AND REGULATIONS, (CONT'D)**2.9 Obligations of the Customer (Continued)****2.9.3 Identification and Rating of Toll VoIP-PSTN Traffic (continued)****(c) Calculation and Application of Percent-VoIP-PSTN-Usage Factor**

The Company will determine the number of Relevant VoIP-PSTN Traffic minutes of use ("MOU") to which interstate rates will be applied under Section 2.9.3(b), above, by applying a Percent VoIP Usage ("PVU") factor to the total intrastate access MOU (however determined – either based on call detail information or PIU) exchanged between the Company and the Customer, until July 13, 2012 and after June 30, 2014. From July 13, 2012 through June 30, 2014, the PVU will be applied to only the terminating intrastate access MOU. The PVU will be derived and applied as follows:

- 1) Except as otherwise provided in Section 2.9.3 (c) 3) below, the Customer will calculate and furnish to the Company a factor (the "PVU-A") representing the whole number percentage of the total intrastate access MOU that the Customer exchanges with the Company in the State, that (a) is terminating access sent to the Company and that originates in IP format; or (b) is originating access received from the Company and terminates in IP format until July 13, 2012 and after June 30, 2014. From July 13, 2012 through June 30, 2014, the PVU will represent only the terminating intrastate access MOU. This PVU-A shall be based on information such as the number of the Customer's retail VoIP subscriptions in the state (e.g., as reported on FCC Form 477), traffic studies, actual call detail, or other relevant and verifiable information. **(T)**
- 2) Except as otherwise provided in Section 2.9.3 (c) 3) below, the Company will, likewise, calculate a factor (the "PVU-B") representing the percentage of the Company's total intrastate access MOU in the State that the Company originates or terminates in IP format until July 13, 2012 and after June 30, 2014. From July 13, 2012 through June 30, 2014, the PVU will represent only the terminating intrastate access MOU. This PVU-B shall be based on information such as the number of the Company's retail VoIP subscriptions in the state (e.g., as reported on FCC Form 477), traffic studies, actual call detail, or other relevant and verifiable information. **(T)**

SCa1302

SECTION 2 - RULES AND REGULATIONS, (CONT'D)

2.9 Obligations of the Customer (Continued)

2.9.3 Identification and Rating of Toll VoIP-PSTN Traffic (continued)

(c) Calculation and Application of Percent-VoIP-PSTN-Usage Factor (continued)

- 4) The Company will apply the effective PVU factor to the applicable intrastate access MOU exchanged with the Customer to determine the number of Relevant VoIP-PSTN Traffic MOUs. (M)

Example 1: The PVU-A is 40% and the PVU-B is 10%. The effective PVU factor is equal to $40\% + (10\% \times 60\%) = 46\%$. The Company will bill 46% of the Customer's applicable intrastate access MOU in accordance with the Company's interstate switched access tariff.

Example 2: The PVU-A is 0% and the PVU-B is 10%. The effective PVU factor is $0\% + (10\% \times 100\%) = 10\%$. The Company will bill 10% of the Customer's applicable intrastate access MOU in accordance with the Company's interstate switched access tariff.

Example 3: The PVU-A is 100%. No matter what the PVU-B factor is, the effective PVU is 100%. The Company will bill 100% of the Customer's applicable intrastate access MOU in accordance with the Company's interstate switched access tariff. (M)
