S4.5 TERMINATION CHARGES

- S4.5.1 A termination charge is determined by applying to the basic termination liability the percentage which the unexpired portion of the initial service period bears to the full initial service period.
- S4.5.2 The basic termination liability and the initial service period are indicated in the section of this tariff covering the service items to which they apply. The initial service period is shown in brackets following the amount of the basic termination liability.
- S4.5.3 When a subscriber discontinues one or more units of a group of the same item, the equipment latest installed shall be considered as the equipment first discontinued.
- S4.5.4 When a subscriber cancels an order for service carrying a basic termination liability prior to the establishment of that service, a termination charge applies equal to the cost incurred by the Company in engineering, ordering and providing the equipment and disposing of it, less credits obtained through disposal. The termination charge in this event will not exceed the basic termination liability.
