Effective Date: June 6, 2008

Regulations, Rates and Charges applying to the provision of Intrastate Access Services within the serving areas of Charter Fiberlink SC-CCO, LLC

8. Ordering, Rating and Billing – More Than One LEC

8.1. General

Each LEC will provide its portion of the Switched Transport or Special Transport service within its operating territory to the meet point with the other LECs . The LECs involved in providing the service will determine the Bill Percentage (BP).

Figure 2 - Example of MPB Arrangement

For all Switched Access Services the order will be placed with the Telephone Company as specified in the Ordering and Billing Forum's Multiple Exchange Carrier Ordering and Design (MECOD) guidelines. The multiple billing arrangements described in this section are also subject to the provisions of the Multiple Exchange Carrier Access Billing Guidelines (MECAB) and the Multiple Exchange Carrier Ordering and Design (MECOD) guidelines.

All recurring and non-recurring charges for services provided by each LEC are billed under each company's applicable Tariffs (Multiple Bill – Single Tariff). Under a Meet Point Billing arrangement, the Telephone Company will only bill for charges for traffic carried between the LEC's Tandem and the Telephone Company's Switch that serves the End Users and for the portion of any transport facilities provided by the Telephone Company between the Customer's location and the Telephone Company's Local Switching Center. (C)

The Telephone Company must notify the Customer of the:

1. Meet Point Billing option that will be used;
2. Telephone company(s) that will render the bill(s);
3. Carrier(s) to whom payment should be remitted; and
4. Carrier(s) that will provide the bill inquiry function. The Telephone Company shall provide such notification at the time orders are placed for Access Service. Additionally, the Telephone Company shall provide this notice in writing 30 days in advance of any changes in the arrangement.
