Public Service Commission of South Carolina
Synergy Business Park

Columbia, SC 29210

Dear Ms. Boyd:

Enclosed with this electronic filing please find revisions to CenturyLink Communications, LLC's ("CLC") Interexchange Telecommunications Services South Carolina Tariff No. 2.

This filing introduces two new residential long distance plans; Home Phone II Unlimited and Home Phone II Per Minute and Retention Offers in Section 5, effective December 5, 2014. Also, effective December 5, 2014, this filing grandfathers the residential long distance plans; Simple Choice Long Distance and Simple Choice Unlimited Long Distance. These calling plans will no longer be available to new residence customers. There is no change to rates or to the service for existing customers. The existing customers may retain the service as long as CenturyLink continues to offer it and as long as the customer does not move to another address or make changes to their service after the effective date.

In addition, this filing makes the following administrative changes that do not affect current customers.

Spelling corrections
Correcting the Operator Services reference to reflect "Section 6 of this Tariff"
Add "all" for DS3 Mileage under Dedicated Private Line Services in Section 7.

CenturyLink respectfully requests that the proposed changes outlined above become effective December 5, 2014.

If you have any questions regarding this filing, please contact Sharon Alvarado at 303 992 5836.

Respectfully submitted,

A handwritten signature in cursive script that reads "Marla Hazlett".

g. Guarantees

(4) Performance Guarantees (Cont'd)

The following three performance guarantees are available to all customers regardless of monthly volume commitment levels:

(d) Network/Service Availability Guarantee

CenturyLink guarantees for all Basic Digital Service, Extended Digital Service, Terrestrial Digital Service, and High Speed Digital Service circuits that it will provide an average of 99.9% customer network availability and 99.85% end-to-end availability (when access is ordered by CenturyLink on behalf of the customer) per month for all CenturyLink Guaranteed customers or the customer is entitled to receive a credit equal to 10% of the customer's network port and PVC/CIR monthly recurring charges for that month. This credit will be applied on the customer's subsequent month's invoice and shall be in lieu of any service interruption or outage credit(s) that the customer might have been entitled to receive as set forth in this Tariff. This credit is applicable on a per account basis per month and is based on the average availability across all of the customer's circuits throughout the given month. This guarantee shall not apply to @ccess service or Private Line Service. (T)

Network availability is measured as the total number of minutes in a calendar month during which private line circuits are available to exchange data between two network end points, divided by the total number of minutes in a calendar month. For the purposes of this guarantee, a lapse in network availability is calculated commencing with the date on which the customer informs CenturyLink of service non-availability and ends on the date of service restoration. For purposes of this measurement, the private line circuit will be measured from Point of Presence to Point of Presence and will not include customer premise equipment or local access facilities.
