**REGULATIONS, (CONT'D.)**

**2.5 Payment Arrangements**

**2.5.1 Payment for Service**

The Customer is responsible for the payment of all charges for facilities and services furnished by the Company to the Customer and to all Users authorized by the Customer, regardless of whether those services are used by the Customer itself or are resold to or shared with other persons.

The Customer is responsible for payment of any sales, use, gross receipts, excise, access or other local, state, federal and 911 taxes, charges or surcharges, however designated, excluding taxes on Company's net income, imposed on or based upon the provision, sale or use of Network Services.

**2.5.2 Billing and Collection of Charges**

**A.** Nonrecurring charges are due and payable from the Customer upon receipt of the invoice. (T)

**B.** The Company shall present invoices for Recurring Charges monthly to the Customer, generally in advance of the month in which service is provided, and Recurring Charges shall be due and payable upon receipt of the invoice. When billing is based on customer usage, charges will be billed monthly for the preceding billing periods. (T)  
(T)

All charges are considered past due if not paid by the "Due Before Date" shown on the invoice, which is 21 days after the invoice is generated. (N)  
(N)

**C.** When service does not begin on the first day of the billing period, or end on the last day of the billing period, the charge for the fraction of the month in which service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.

**REGULATIONS, (CONT'D.)**

**2.5 Payment Arrangements, (Cont'd.)**

**2.5.2 Billing and Collection of Charges, (cont'd.)**

- D. Billing of the Customer by the Company will begin on the Service Commencement Date, which is the first day following the date on which the Company notifies the Customer that the service or facility is available for use, except that the Service Commencement Date may be postponed by mutual agreement of the parties, or if the service or facility does not conform to standards set forth in this tariff or the Service Order. Billing accrues through and includes the day that the service, circuit, arrangement or component is discontinued.
  
- E. A Late Payment Charge of 1.5% of all new, unpaid charges for Business or Residential services will apply to each customer's bill. The Late Payment Charge is only applied where charges are outstanding as of the "Due Before Date" shown on the monthly invoice. The Late Payment Charge will be reflected in the bill one month after these charges are first applied. The Late Payment charge will continue to be applied each month on any outstanding amount until all outstanding amounts are paid in full.
  
- F. The Customer will be assessed a charge of twenty-five dollars (\$25.00), or the actual fee incurred by Company from a bank or financial institution, whichever is greater, for each check, credit/debit card payment or auto draft payment submitted by the Customer to the Company which a financial institution refuses to honor.
  
- G. If service is disconnected by the Company in accordance with Section 2.5.5 and later reinstalled, service will be subject to all applicable installation charges. If service is suspended by the Company and later restored, service will be subject to all applicable restoration charges.

**H. E-Bill/E-Pay**

E-Bill/E-Pay is for qualified AIN customers with a valid e-mail address. Qualified customers will receive a one-time E-Bill/E-Pay credit of \$10.00 per account that will be posted on the next invoice after customer registers online to stop receiving a paper bill, and elects the E-Bill and/or E-Pay options.

Access offers E-AutoPay using a credit/debit\* card as an option for automatic payments. This option may be setup by the customer thru the Access website or by completing the appropriate authorization form. The credit/debit card will be charged the balance on the account the 14<sup>th</sup> day prior to the "Due Before Date" shown on the monthly invoice. If the "Due Before Date" is a Saturday or Sunday, the charge will occur on the previous Friday. If the "Due Before Date" is a holiday, the charge will occur on the first previous business day.

A customer can re-select a paper invoice in the future, but the customer will forfeit the E-Bill/E-Pay credit if re-subscribing to a paper bill within six months from the date the E-Bill/E-Pay credit is received. Customers must maintain good standing with AIN to be eligible to receive credits.

There is no fee for using this service.

This option may be setup by the customer thru the Access website or by completing the appropriate authorization form. Payments of the balance of the account are drafted from the account on the "Due Before Date" shown on the monthly invoice. If the "Due Before Date" is a Saturday or Sunday, the charge will occur on the previous Friday. If the "Due Before Date" is a holiday, the charge will occur on the first previous business day.

There is no fee for using this service.

Where construction charges are applicable the payment thereof may be required in advance of start of construction.
