1. DEFINITIONS AND ABBREVIATIONS

The following terms, whether or not capitalized in this Tariff, shall have the meanings set forth below:

Anonymous Call Rejection – Allows a customer to automatically reject calls from parties who have a privacy feature that prevents the delivery of the calling number to the called. (N)

(N)

Auto Redial – Enables the Customer to automatically redial the last outgoing telephone number. When the telephone number is busy, the Company's equipment will keep trying to call the number being redialed for a maximum of 30 minutes.

Business – When used in relation to service, means service provided in offices, stores, factories and all other places for business use.

Call Blocker – Enables the Customer to block calls from preselected telephone numbers and/or the last incoming call (without knowing the number). To block specified telephone numbers, the Customer builds a screening list. To block an unknown number after receiving a call, the Customer enters a code to add the number to their screening list. If facilities are unavailable to provide incoming call screening via the Customer's list, standard call completion will occur. Customers whose telephone numbers are blocked are directed to a Company recorded announcement.

Call Forwarding – Automatically routes incoming calls to a designated answering point selected by the subscriber, regardless of whether the user's station is idle or busy. The subscriber may change the designated answering point using the telephone key pad.

Call Forwarding-Busy Line – Automatically routes incoming calls to a pre-designated answering point when the called line is busy.

Call Forwarding-Busy Line/Don't Answer – Allows incoming calls that encounter a busy condition or are not answered after a predetermined number of rings to be automatically forwarded to a predesignated telephone number within the exchange or the Long Distance Telecommunications Network. The Call Forwarding Customer is responsible for the payment of charges (e. g., tolls charges) for each call between the Call Forwarding equipped telephone line and the line to which the call is being forwarded.

Call Forwarding-Don't Answer – Automatically routes incoming calls to a pre-designated answering point when the called line is not answered after a preset number of rings.

Call Selector – Provides a distinctive ring pattern for calls received from up to six different telephone numbers. (N)

(N)

Call Return – Enables a Customer to automatically redial the telephone number of the last incoming call. If that telephone number is busy, the Company's equipment will keep trying to call the number being redialed for a maximum of 30 minutes.

1. DEFINITIONS AND ABBREVIATIONS (continued)

Call Transfer Disconnect – Enables business customers to add on another line to an established call creating a three-way call. The Call Transfer Disconnect subscriber may disconnect from the three-way call and allow the other two parties to continue talking, thereby freeing their line for the purpose of originating another call. The Call Transfer Disconnect feature cannot be used to expand a calling scope and is, therefore, not available to customers subscribing to an optional flat-rate local, toll or expanded calling plan. Call Transfer Disconnect cannot be used to avoid toll charges. Call Transfer Disconnect customers are responsible for any toll or other charges associated with calls they originate.

Call Waiting – Provides the user with a burst of tone to indicate that another call is waiting. The second call can either be answered by flashing the switchhook or hanging up the phone and being rung back by the caller.

Call Waiting Deluxe – Residential only feature, allows forwarding and Call Waiting as well as allowing subscriber to receive notification on a busy line that there is another incoming call. Gives out Caller ID information on Second Caller.

(N)
|
(N)

Caller ID on Call Waiting – Allows for the display of the name and/or number of a new caller when user is already talking on the telephone and receives another phone call on the Customer’s CPE and allows the Customer to decide to answer the new incoming call or not.

Call Waiting ID Options – Allows Call Waiting ID Customer to identify the name and/or number of an incoming caller when already talking on the telephone and receive another phone call on Customer’s CPE. The Customer may decide how to handle the second caller from a menu choice known as Disposition Codes appearing on the Customer’s CPE as menu options.

Cancel Call Waiting – Allows a user to cancel the Call Waiting feature on a per call basis by dialing a specific two digit code.

Caller ID Deluxe – Displays the name and number of the incoming call and rejects blocked numbers.

(N)

Caller ID – Number – Identifies the 10-digit number of the calling party before the call is answered. Specialized answering equipment is required to display the calling party information. The calling party may block the display of their number by dialing a code prior to placing the call.

Caller ID – Name – Identifies the name associated with the calling number before the phone is answered. This feature requires Caller ID – Number.

Calling Number and Name Delivery Blocking, per call – Blocks deliver of name and number information to Caller ID.

(N)
(N)

1. DEFINITIONS AND ABBREVIATIONS (continued)

Distinctive Ringing – Allows customers to establish up to three telephone numbers on the same access line. Each number is assigned a distinctive ring. The billing telephone number is the “master” number and has a standard ring. The other number(s) are dependent numbers and are assigned individual distinctive rings.

(N)
|
(N)

Dual Tone Multi-Frequency (DTMF) – The pulse type employed by tone dial station sets.

Exchange – A telephone system which provides for service within a specified area known as the “Exchange Area.”

Exchange Access Line – A central office line which provides access to the exchange telephone network for local and long distance telephone service and includes the service, central office equipment and all outside plant facilities furnished by the Company.

Exchange Service – The furnishing of service for telephone communication within local service areas in accordance with the provisions of this Tariff.

Extended Area Service – A Local Exchange Service that is provided between two or more contiguous exchange areas.

Flat Rate Service – Exchange Service furnished for a specified sum without regard to the amount of use.

Hunting – Series – A hunting arrangement that provides for sequential hunt over members identified within the hunt group. The hunt for an idle line begins at the telephone number dialed and proceeds sequentially through the lines identified in the hunt group until an idle line is found or the last assigned number within the hunt group is reached. If an idle line is found, the hunt stops and the idle line is rung. If all lines are busy, the caller receives a busy signal.

Hunting – Circle – A hunting arrangement similar to sequential hunting except, if no idle line is found by the time the last line in the group is reached, the hunt circles back to the first line in the group and hunts up to but not including the line where the hunt started.

Hunting – Preferential – Some or all of the lines in a hunt group may have an associated preferential hunt list. This hunt list permits a pre-hunt over a subset or preferential group of lines before hunting through the multiline hunt group.

1. DEFINITIONS AND ABBREVIATIONS (continued)

Operator Services

Non-Automated – Where the person originating the call dials zero or a special access number (e. g., an 800/888 number), and the operator dials the number and collects billing information for completion of the call.

Semi-Automated – Where the personal originating the call dials zero or a special access number (e. g., an 800/888 number), (or 1+ calls from pay telephones), then dials the desired telephone number, and the operator collects billing information for completion of the call.

Fully Automated – Fully automated service is where the person originating the call dials zero or a special access number (e.g., an 800/888 number), then dials the desired telephone number, and then dials the service selection codes as instructed by the automated billing equipment, and the call is completed without the assistance of an operator.

Person – An individual, corporation, limited liability company, partnership, or any other entity.

Preferred Call Forwarding - Allows the customer to transfer up to 6 telephone numbers on a screening list to another number.

(N)
(N)

Priority Call – Provides the Customer with a distinctive ring or Call Waiting tone (if the Customer has subscribed to Call Waiting), when the Customer is called from preselected telephone numbers. The Customer can construct or modify the telephone number screening list by dialing a unique code. The Company’s equipment will screen incoming calls against the screening list and provide a distinctive ring for telephone numbers on the list.

Remote Call Forwarding – A service whereby calls placed to a telephone number are automatically forwarded by central office equipment to another number designated by the end user. The Remote Call Forwarding number may be either a different exchange (remote) or another central office area within the same exchange (local). Additional paths may be provided to handle multiple calls to the Remote Call Forwarding number as long as there are at least an equal number of lines at the terminating end. Any toll portions of calls are billed to the Customer.

Repeat Dialing – Enables the customer to automatically redial the last outgoing telephone number. When the telephone number is busy, the Company’s equipment will keep trying to call the number being redialed for a maximum of 30 minutes.

2. RULES AND REGULATIONS (continued)

2.6 Responsibility of the Customer (continued)

2.6.3 Credit Allowances (continued)

E. Credit Allowance -- Directory

For errors or omissions in listings in alphabetical telephone directories and information records furnished without additional charge, the Company shall have no liability.

Subject to the provision of Section 2.4 of this Tariff, the Company shall allow, for errors or omissions in alphabetical telephone directories (excluding the use of bold face type), or in information records, an amount within the following limits:

1. For listings in alphabetical telephone directories furnished at additional charge, as set forth herein, an amount not in excess of the charge for that listing during the effective life of the directory in which the error or omission occurred.
2. For listings in the information records furnished at additional charge, as set forth herein, an amount not in excess of the charge for the listing during the period of omission or error.

2.6.4 Cancellation by Customer

- A. Customer may cancel service any time after meeting the minimum service period. Termination charges will apply if Customer cancels prior to the expiration of a one-year or other fixed term service contract.
- B. If Customer orders service requiring special facilities dedicated to the Customer's use and then cancels the order before the service begins, or before completion of the minimum service period, or before completion of some other period mutually agreed upon by Customer and the Company, a charge will be made to Customer for the nonrecoverable portions of expenditures or liabilities incurred expressly on behalf of Customer by the Company and not fully reimbursed by installation and monthly charges. If based on the order, any construction has either begun or been completed, but no service provided, the nonrecoverable cost of such construction shall be borne by Customer.

(D)

2. RULES AND REGULATIONS (continued)

2.6 Responsibility of the Customer (continued)

2.6.8 Late Payment Charge

The Company may apply a late payment charge if any portion of the Customer's payment is received by the Company after the payment due date, or if any portion of the payment is received by the "Due Before Date" in funds which are not immediately available upon presentment. The late payment charge shall be applied to the portion of the payment not received by the date due, multiplied by a factor. The late factor shall be 1.5% per month. A Finance Charge of 1.5% shall apply to the outstanding balance of charges, as at the end of the "Due Before Date", with effect from the second month after the charges are first applied, and every month thereafter.

(T)

(N)

|

(N)

Collection procedures are unaffected by the application of the late payment or finance charge. The late payment charge does not apply to final amounts.

(T)

2.7 Responsibility of the Company

2.7.1 Provision of Equipment and Facilities

- A. The Company shall use reasonable efforts to make services available to a Customer on or before a particular date, subject to the provisions of and compliance by the Customer with the regulations contained in this Tariff and applicable rules of the Commission.
- B. The Company shall use reasonable efforts to maintain facilities and equipment that it furnishes to the Customer. The Customer may not, nor may the Customer permit others to, rearrange, disconnect, remove, attempt to repair or otherwise interfere with any of the facilities or equipment installed by the Company, except upon the written consent of the Company.
- C. The Company may substitute, change, or rearrange any equipment or facility at any time and from time to time, but shall not thereby materially reduce the technical parameters of the service provided to the Customer.
- D. Subject to the arrangement of the Company and to all of the regulations contained in this Tariff, special construction of facilities may be undertaken on a reasonable efforts basis at the request of the Customer. Special construction is that construction undertaken and characterized by one or more of the following:
 1. Facilities requested are not presently available, and there is no other requirement for the facilities so constructed.
 2. Facilities requested are of a type other than that which the Company would normally utilize in the furnishing of its services.
 3. Facilities requested are over a route other than that which the Company would normally utilize in the furnishing of its services.

3.5 Rate Groups

Charges for local services provided by the Company in certain areas may be based, in part, on the Rate Group or UNE zone associated with the Customer's End Office. The Rate Group is determined by the total access lines and PBX trunks in the local calling area which can be reached from each End Office.

Local calling areas, Rate Group, Band assignments, and/or Zone are equivalent to those specified in BellSouth Telecommunications, Inc., South Carolina General Subscriber Service Tariff ("GSST"). UNE zone assignments are equivalent to those specified on BellSouth's web site for wholesale services.

In the event that an Incumbent LEC or the South Carolina Public Service Commission reclassifies an exchange or End Office from one Rate Group or Zone to another, the reclassification will also apply to AIN Customers who purchase services under this tariff.

BellSouth Rate Group Equivalents:

Rate Group	Exchange Access Lines and PBX Trunks In Local Calling Area - Upper Limit
1	up to 7,000
2	7,001 to 15,000
3	15,001 to 28,500
4	28,501 to 50,000
5	50,001 to 78,000
6	78,001 to 125,000
7	125,001 +

Footnotes—Business and Residence Rates & Charges—Calling Features

- (1) This rate is inclusive of the Cancel Call Waiting option where available.
- (2) Caller ID with Name and Number—Caller ID with Name and Number (Caller ID) enables the terminating Customer to identify the calling party by displayed name and/or number before the call is answered. Caller ID Customers must provide and connect their own compatible CPE.

Line blocking for the delivery of the calling name and/or number is available upon request, at no charge, to the following entities and their employees/volunteers, for lines over which the official business of the agency is conducted including those at the residences of employees/volunteers, where an executive officer of the agency registers with the Company a need for blocking; (a) private, nonprofit, tax-exempt, domestic violence intervention agencies and (b) federal, state and local law enforcement agencies.

The Company shall not be liable for any claims for damages caused or claimed to have been caused, directly or indirectly, by the transmission to a Caller ID Customer of a name or telephone number which the calling party or the Caller ID Customer finds erroneous, offensive, embarrassing, or misleading for any reason, including but not limited to the way in which the calling party's name has been abbreviated.

Telephone calling party name and/or number (CPN) information transmitted via Caller ID is intended solely for the use of the Caller ID subscriber. Resale of this information is prohibited by this Tariff. CPN will not be displayed if the called party is off-hook or if the called party answers during the first ring interval. CPN will be displayed for calls made from another central office only if it is linked by appropriate facilities. Caller ID is not available on operator-handled calls.

- (3) One Call Forwarding feature is applicable per line arranged.
- (4) One Simultaneous Call Forwarding feature and one Call Forwarding feature are applicable per line (non-hunting) used to establish connection.
- (5) Effective August 16, 2008 this service is no longer offered. (N)

B. Activation Charges

A. Birch Price Protection Plan

1. Birch offers optional discounts for Customers that agree to a term commitment of 12 months and 24 months. Customer is eligible for Price Protection Plan ("PPP") term pricing only where Customer has a minimum of three Birch Basic Business Lines within an account. The 24-month commitment also qualifies Customers for an Interexchange Service discount and a separate 12-month discount is also available for Interexchange Services as provided in Birch's SC P.S.C. Tariff No. 2.
2. Customers subscribing to the PPP must commit to a written term service agreement in a form designated by Birch, which shall include, without limitation, Customer's term selection.
3. The term will commence on the billing date for the first new line or the first billing date after Customer executes a term service agreement if the service is currently being provided to Customer.
4. All rules, regulations, fees, charges, taxes and surcharges normally applicable to Birch Basic Business Line services shall apply. Any charges in any proposal or quotation are exclusive of taxes and surcharges. Term pricing may not be combined with any other offer.
5. If monthly term rates as specified in Section 4.2.2 decrease during the term period, Customer may elect to obtain the new rates by executing a new term service agreement with the new rates, with a new term commencement date, and an agreement to the same or greater commitment term period.
6. For Customers who establish a term service agreement, monthly Birch Basic Business rates will not change as a result of a Birch-initiated increase; however, if a Local Exchange Rate Group Reclassification occurs, as set forth in this Tariff, an adjustment for the remaining term of the term service agreement will be made.
7. If Customer disconnects Services or otherwise terminates its term service agreement prior to the end of the current term for any reason except for a failure by Birch to meet the terms of the Term Customer Service Level Objectives specified below, Customer agrees on the next monthly invoice to pay a termination charge as liquidated damages and not as a penalty, equal to the greater of:
 - a. \$100.00 per terminated line, or
 - b. \$25.00 per terminated line multiplied by the number of months remaining in the current term.
8. Customer may add or terminate new voice lines without termination liability, provided that Customer maintains service to its primary billed telephone number for the remainder of the term commitment and remits payment for any applicable charges, surcharges and fees.

4.2 General Exchange Services (continued)

4.2.2 Birch Basic Business Line (1) (continued)

(T)

A. Birch Price Protection Plan (continued)

9. The following Service Level Objectives apply to the PPP only, and are subject to all other provisions of this Tariff, including specifically but without limitation, any and all limitations of liability. Birch will use commercially reasonable efforts to provide Services in accordance with the following Service Level Objectives:
- a. Complete loss of Service caused solely by a Birch network problem will be remedied within 8 business hours from Customer notification to Birch Network Maintenance (“BNM”).
 - b. Partial loss of Service caused solely by a Birch network problem will be remedied within 12 business hours from notification to BNM.
 - c. Noise or static caused solely by a Birch network problem will be remedied within 16 business hours from notification to BNM.
10. As Customer’s sole remedy for any failure to meet any of the above Service Level Objectives, unless such Service Level Objective is caused by an event outside the reasonable control of Birch, any event of force majeure, or any failure resulting from facilities, inside wiring or equipment of Customer or third parties, Customer may terminate its term commitment obligation without incurring termination liability by providing written notice to Birch within thirty (30) days of the failure to meet the applicable Service Level Objective. If Customer continues to use Birch service following any such notice of termination, Customer may continue to receive term pricing and pricing update notices.
11. A Service Level Objective failure shall be deemed to commence upon the opening of a trouble ticket with BNM, as requested by Customer, and shall be deemed to terminate upon the clearing of the same trouble ticket. No failure shall be deemed to have occurred unless Customer has provided reasonable assistance in an effort to diagnose the reported problem. Reasonable assistance includes, but is not limited to, requesting the opening of a trouble ticket from BNM promptly, providing Birch access to Customer’s premises, if necessary, and assisting Birch with problem identification and resolution.
12. Customer shall be responsible at all times for the proper installation, operation and maintenance of any Customer-provided equipment used in connection with the Services. In addition, Customer shall ensure that all such equipment is technically and operationally compatible with the Services and in compliance with applicable laws and regulations.
13. If Customer relocates to another location in a Birch market where the same Services are available, Customer may transfer Services to the new location if the new Services equal or exceed the number of lines at the old location, upon payment of installation charges for the new location, if applicable; however, rates may vary by location, and Customer’s rates may increase.

F. Maintenance Visit Charges

Maintenance Visit Charges apply when the Company dispatches personnel to a Customer's premises to perform work necessary for installing new service, effecting changes in service or resolving troubles reported by the Customer when the trouble is found to be caused by the Customer's facilities.

Maintenance Visit Charges will be credited to the Customer's account in the event trouble is not found in the Company facilities, but the trouble is later determined to be in those facilities. The time period for which the Maintenance Visit Charges is applied will commence when Company personnel are dispatched at the Customer premises and end when work is completed. The rates for Maintenance of Service, therefore, vary by time per Customer request.

4.2.12 Home Connection

A. Service Description

Home Connection includes a Residential Line with Caller ID Deluxe and Call Waiting features at no extra cost.

Calls within the standard flat rate local calling area are unlimited. Calls made outside of the local calling area will be billed at maximum of \$0.18 per minute. Calls to the US Virgin Islands, Puerto Rico, Hawaii, Alaska, and Canada do not qualify under this plan and are provided and billed pursuant to other Company tariffs or their terms of service.

A one-year term plan is required. Customers cancelling or otherwise disconnecting service prior to completion of any successive term will be assessed a maximum early termination charge of \$90.00 multiplied by the number of months remaining in the term plan.

All taxes, surcharges and regulatory fees are billed separately, including, but not limited to, federal, state and local taxes, Universal Service fees, Telecommunications Relay Service fees and 911 fees.

Toll Free service is available with this product see "Toll Free Service" for rates.

B. Home Connection - Feature List

4.2 General Exchange Services (continued)4.2.14 Home Connection and Home Essentials Miscellaneous Charges

A. Nonrecurring Charges

Nonrecurring charges apply to each line installed for the Customer. Nonrecurring charges are in addition to applicable service order charges contained in Section 4.2 of this tariff. All such charges will appear on the next bill following installation of the service.

A separate nonrecurring per line charge will apply where the Customer currently has service from the Incumbent LEC and requests an "As-Is" changeover of all current service(s) and features from the Incumbent LEC to the Company without any changes in such service or features. This Change Over Charge applies in lieu of the nonrecurring charges listed in the table below.

Nonrecurring maximum charges for installation of Business lines are:

First Line (incl. first jack w/wiring)	\$390.00
Each Additional Line (incl. jack w/wiring) ¹	\$165.00
Additional Jack w/wiring at time of install	\$165.00
Line Installation w/ no jack or wiring	\$180.00

¹ Additional Line installation charges apply only when 2 or more lines are installed at the same time and at the same Customer Premises.

4.3 Directory Services

4.3.1 Directory Listings

Listings are regularly provided in connection with all classes of Exchange Service, unless the Customer subscribes to Nonpublished or Nonlisted Service. The contract period for directory listings where the listing is printed in the directory is the directory period. Where the listing has not been printed in the directory, the period is one month.

In the absence of gross negligence or willful misconduct, no liability for damages arising from publishing a non-published or non-listed telephone number in the directory or disclosing said number to any person shall attach to the Company. Where such a number is published in the directory, the Company's liability shall be limited to and satisfied by a refund of any monthly charges which the Company may have made for such listing. The subscriber indemnifies and save the Company harmless against any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a non-listing or non-published listing.

4.3.2 Directory Assistance Service

A. Rates

1. Where the Customer places a sent-paid direct dialed call to Directory Assistance, the maximum charge for each call (maximum of two numbers requested) is \$3.00.
2. Where the Customer places a call to the Directory Assistance attendant via an operator or has Directory Assistance Service Charges are billed to a third number; or a special billing number, the maximum charge for each call (maximum of two requests per call) is \$3.00.

B. Directory Assistance Charge Exemption

Directory Assistance Charge Exemption gives 50 Free (local, long distance, or combination of both) Directory Assistance calls per billing cycle on each line where the end user has disabilities that prevent use of the telephone directory. Normal tariffs apply to Directory Assistance calls for the 51st and all other additional calls within a billing cycle. For purposes of this rule, disability means, with respect to an individual, a physical or mental impairment that prohibits a customer from using the telephone directory.

A letter from the end-user's physician, clinic or appropriate group/agency verifying the disability, on the official letterhead of the physician, should be attached to the application. "The company" will not be responsible for any charges incurred to obtain certification. In addition to the physician's letter, the customer will be required to complete the Directory Assistance Charge Exemption Application Form.

4.4.7 The Freedom Pack and Freedom Pack Plus Services (1) (2)

(T)

A. Description

The Freedom Pack Service and The Freedom Pack Plus Service are add-on services for Birch Basic Business 24-month term plan Customers. The Customer will sign up to receive a block of outbound long distance minutes and a choice of up to seven (7) Birch Basic Features for a monthly recurring charge per line.

The Customer is required apply the Freedom Pack Service or Freedom Pack Plus Service to all eligible lines per location. The Customer is permitted to apply Freedom Pack Service at one of its location and apply Freedom Pack Plus Service at a additional location. These services are not available for resale lines.

If the Customer requires any additional features, they will be billed to the Customer at the tariffed rate listed under Birch Basic Feature List in Section 4.2.1.

The block of long distance minutes apply to only direct dialed domestic minutes and the minutes will be pooled at the service location level. Additional minutes of outbound domestic long distance minutes of use will be billed at no volume commitment level for 24-term plan customers. All other types of calls, (Operator Assisted Long Distance calls, OS/DA, International, Toll Free, Calling Card, etc.), will be rated according to the applicable interexchange tariff rates.

All requirements applicable to Birch Price Protection Plan service agreement service shall apply in addition to the requirements listed for The Freedom Pack Service and The Freedom Pack Plus Service.

(1) Freedom Pack and Freedom Pack Plus are not available to new customers, effective December 15, 2006.

(2) Effective August 16, 2008 this product can no longer be ordered.

F. Footnotes for Birch Freedom Pack Essentials and Freedom Pack Unlimited Bundles:

- (1) Freedom Pack Essentials and Freedom Pack Unlimited Bundles, effective December 15, 2006, will be the only services available to business and residential customers.

All customers will be required to sign a 24 month term agreement.

Early Termination Fees are calculated using the following formula:
 $50\% \times (\text{Line rate} \times \text{Number of lines}) \times \text{Months Remaining}$

All eligible lines at the service location must be included in bundle.

- (2) Customers may accept or decline the feature(s); however, declining the feature(s) will not reduce the package monthly rate. If more than seven features are chosen with the Birch Freedom Pack Unlimited, standard rates located in section 4.2.1 will apply.
- (3) The availability of certain features depends on ILEC feature availability.
- (4) Some features are only available to residential customers.
- (5) Some features are only available to business customers.
- (6) Long Distance Block of Time allotment applies to all domestic 1+ direct dialed minutes of use.

Free long distance is only applicable to standard outbound domestic long distance only, originating from Birch customer to the 50 US States and US territories (Puerto Rico, Guam, USVI, No. Marianas). All other types of calls, (Operator Assisted Long Distance calls, OS/DA, International, Toll Free, Calling Card, etc.), will be rated at standard rate according to the rate tables established for the calls.

Customer may choose to use another carrier for their long distance purposes; however, declining the Birch long distance will not reduce the package monthly rate.

- (7) Birch Freedom Pack Unlimited is available in place of the Freedom Pack Essentials for business customers needing a more robust long distance plan. The basic business line rate is not included with the Birch Freedom Pack Unlimited. Basic business line rates are defined in Section 4.2.2 of this Tariff.

4. SERVICES (continued)

4.4 Miscellaneous Services (continued)4.4.8 Birch Freedom Pack Essentials and Freedom Pack Unlimited Bundles (11) (12) (continued)

(T)

(8) Footnotes for Birch Freedom Pack Essentials and Freedom Pack Unlimited Bundles (continued)

(9) Birch Freedom Pack Unlimited will only be available to Birch Business Local Service Customer locations in which the customer subscribes to no greater than 10 lines for domestic local toll and interLATA toll outbound calls from the business location. Customers are required to convert all of their off-net business lines, (restrictions listed below), per location, to Birch in order to qualify for this service. Multi-location customers may choose the service per location.

Certain restrictions apply:

Customers with 11 or more lines at a location are ineligible for Unlimited long distance at that location. Calls must be placed 1+ to qualify. Unlimited long distance is not available in conjunction with the following: Birchual Office, Birch standalone LD, Remote Call Forwarding, Toll Free, Calling Card, international calls, calls to 900 numbers, autodialers, long distance Internet access, long distance Intranet access, call center applications including but not limited to autodialers, PBX trunks, broadcast fax transmissions, ground start line or trunks, ISDN services, foreign exchange services, public telephone services, public access smart-pay phones, analog to digital conversion digital PBX services, WATS services, PRI/PBX/PABX/EABX services, non-square electronic key telephone systems, hybrid key telephone systems, predictive calling/dialing systems, automatic outbound dialing systems, any type of automatic call distribution system, or the functional equivalent of any such system listed above.

If the Company determines that Customer's usage exceeds ten times the average usage of Birch Telecom's long distance customers in the state in which the Customer is located or that the Customer is in violation of any of the above listed restrictions, the Customer shall forfeit eligibility for rates under this plan and (1) Customer will be charged an additional \$50 per month per line for as long as the excess usage or violation continues, (2) Customer will be moved to another Birch long distance plan unless an alternative plan is selected by the Customer, and/or (3) long distance service may be blocked without notice. This service offer may not be combined with any other offer. Services are not available in all locations.

(10) An additional charge will apply when adding extensions to Birch Integrated Voicemail. There is a minimum of 4 extensions, and a maximum of 20 extensions per voicemail box.

First 4 extensions	Each additional extension up to 20
\$2.00	\$2.00 each

Free Birch Integrated Voicemail is not available with the Freedom Pack Unlimited Bundle. Standard rates apply.

(11) Effective August 16, 2008, new lines of Freedom Pack Essentials are only available at locations where the customer already has existing lines of the service. From the same date, physical moves of lines of this service will not be available.

(12) Effective August 16, 2008, Freedom Pack Unlimited is no longer offered.
