Ms. Jocelyn Boyd
Chief Clerk/Administrator
Public Service Commission of South Carolina
101 Executive Center Dr., Suite 100
Columbia, South Carolina 29211

Dear Ms. Boyd:

AT&T South Carolina respectfully submits the following tariff pages for filing with the Public Service Commission of South Carolina:

Access Services Tariff

Section E2

AT&T South Carolina is filing these tariff changes to comply with the directives of the Federal Communications Commission's November 18, 2011 USF/ICC Transformation Order, FCC 11-161 (WC Docket No. 10-90). This order requires intrastate access rates for 1) terminating End Office Access Service 2) terminating Tandem-Switched Transport Access Service and 3) originating and terminating Dedicated Transport Access Service to be no higher than their functionally equivalent interstate access rates effective July 2, 2013. This filing includes those required rate reductions..

Further, the switched access section 6 (BellSouth Telecommunications Inc., South Carolina Access Services Tariff) has been reorganized to refer to and concur with the interstate switched access section 6 (Tariff F.C.C. No. 1). This effort was undertaken for overall administrative ease and tariff simplification. The South Carolina switched access section will now concur with the interstate tariff and any exceptions from that concurrence are listed in detail in the South Carolina switched access section. Text changes have been made in Sections 2 and 5 to now refer to the interstate tariff. Section 23 has been added to the South Carolina access tariff to correspond to certain switched services in Section 23 in the interstate switched access tariff.

As required by the FCC, a certification is attached which confirms that this filing is not seeking duplicative recovery in the state and interstate jurisdictions.

Yours very truly,

Executive Director

CERTIFICATION

Pursuant to 47 C.F.R. §51.915(d)(3), AT&T, as a Price Cap Carrier, certifies that it is not seeking duplicative recovery in any relevant state jurisdiction for any Eligible Recovery subject to the federal recovery mechanism prescribed in the Federal Communications Commission's November 18, 2011 USF/ICC Transformation Order, FCC **11-161** (WC Docket No. 10-90).

Patrick Doherty
Director, Access Regulatory Affairs

E2. GENERAL REGULATIONS

E2.1 Undertaking of the Company

E2.1.1 Scope

- A. The Company does not undertake to transmit messages under this Tariff.
- B. The Company shall be responsible only for the installation, operation and maintenance of the services it provides.
- C. The Company will, for maintenance purposes, test its services only to the extent necessary to detect and/or clear troubles.
- D. Services are provided 24 hours daily, seven days per week except as set forth in other applicable sections of this Tariff.
- E. The Company does not warrant that its facilities and services meet standards other than those set forth in this Tariff.

E2.1.2 Limitations

- A. The IC may not assign or transfer the use of services provided under this Tariff, except as provided herein. Where there is no interruption of use or relocation of the services, such assignment or transfer may be made to:
 - 1. Another IC, whether an individual, partnership, association or corporation, provided the assignee or transferee assumes all outstanding indebtedness for such services, and the unexpired portion of the minimum period and the termination liability applicable to such services, if any; or
 - 2. A court appointed receiver, trustee or other person acting pursuant to law in bankruptcy, receivership, reorganization, insolvency, liquidation or other similar proceedings, provided the assignee or transferee assumes the unexpired portion of the minimum period and the termination liability applicable to such services, if any.

In all cases of assignment or transfer, the written acknowledgement of the Company is required prior to such assignment or transfer. Such acknowledgement shall be made within fifteen days from the receipt of notification. All regulations and conditions contained in this Tariff shall apply to such assignee or transferee.

The assignment or transfer of services does not relieve or discharge the assignor or transferor from remaining jointly or severally liable with the assignee or transferee for any obligations existing at the time of the assignment or transfer.

- B. The use and restoration of services shall be in accordance with Part 64, Subpart D, Appendix A, of the Federal Communications Commission's Rules and Regulations, which specifies the priority system for such activities.
- C. Subject to compliance with the rules mentioned in B. preceding, the services offered herein will be provided to ICs on a first come, first served basis.
- D. Terms and conditions for central office interconnection of collocator-provided Company leased equipment are set forth in Tariff F.C.C. No. 1, Section 20. Virtual Collocation Cross-Connect rates and charges are provided in Section 6 of Tariff FCC No. 1 and Section E7. of this intrastate Tariff for each service allowed under collocation guidelines.

(D)
(C)

E2.1.3 Liability

- A. The Company's liability, if any, for its willful misconduct is not limited by this Tariff. With respect to any other claim or suit, by an IC, End User or by any others, for damages associated with the installation, provision, preemption, termination, maintenance, repair or restoration of service, and subject to the provisions of B. through I. following, the Company's liability, except as set forth in E2.1.3 *of this Tariff*, if any, shall not exceed an amount equal to the proportionate charge for the service for the period during which the service was affected. This liability for damages shall be in addition to any amounts that may otherwise be due the IC or end user under this Tariff as a Credit Allowance for a Service Interruption.

E2. GENERAL REGULATIONS

E2.1 Undertaking of the Company (Cont'd)

E2.1.5 Installation and Termination of Services

The services provided under this Tariff (a) will include any entrance cable or drop wiring and wire or intrabuilding cable to that point where provision is made for termination of the Company's outside distribution network facilities at a suitable location inside of the IC terminal location or End User premises and, (b) will be installed by the Company to such point of termination. Access Service has only one Point of Termination per IC terminal location and/or end user premises. Any additional terminations beyond such Point of Termination is the sole responsibility of the IC or the IC's end user. The Point of Termination is an inherent part of BellSouth SWA and Special Access (a.k.a. BellSouth SPA) services, therefore, the preceding does not preclude the IC's ability to have the Point of Termination moved as set forth in Section 6 of Tariff FCC No. 1 and Section E7.4.4 of this intrastate Tariff following for BellSouth SWA and Special Access (a.k.a. BellSouth SPA) services, respectively. (C)

E2.1.6 Maintenance of Services

The services provided under this Tariff shall be maintained by the Company. The IC or others may not rearrange, move, disconnect, remove or attempt to repair any facilities provided by the Company, other than by connection or disconnection to any interface means used, except with the written consent of the Company.

E2.1.7 Changes and Substitutions

The Company may, where such action is reasonably required in the operation of its business:

- A. Substitute, change or rearrange any facilities used in providing service under this Tariff, including but not limited to:
 - 1. Substitution of different metallic facilities,
 - 2. Substitution of carrier or derived facilities for metallic facilities, used to provide other than metallic facilities, and
 - 3. Substitution of metallic facilities for carrier or derived facilities used to provide other than metallic facilities,
- B. Change minimum protection criteria,
- C. Change operating or maintenance characteristics of facilities, or,
- D. Change operations or procedures of the Company.

In case of any such substitution, change or rearrangement, the transmission parameters will be within the range as set forth in Section 6 of Tariff FCC No. 1 and Section E7. of this intrastate Tariff. The Company shall not be responsible if any such substitution, change or rearrangement renders any IC furnished services obsolete or requires modification or alteration thereof or otherwise affects their use or performance. If such substitution, change or rearrangement materially affects the operating characteristics of the facility, the Company will provide reasonable notification to the IC in writing. Reasonable time will be allowed for any redesign and implementation required by the change in operating characteristics. The Company will work cooperatively with the IC to determine reasonable notification procedures. (C)

E2.1.8 Refusal and Discontinuance of Service

- A. Unless the provisions of E2.2.2.B. following apply, if the IC or End User fails to comply with the provisions of this Tariff, including any payments to be made by it on the dates and times herein specified, the Company may, on thirty (30) days written notice by certified U.S. mail to the person designated by the IC or End User to receive such notices of noncompliance, refuse additional applications for service and/or refuse to complete any pending orders for service by the noncomplying IC or End User at any time thereafter. If the Company does not refuse additional applications for service on the date specified in the thirty (30) days notice, and the IC's or End User's noncompliance continues, nothing contained herein shall preclude the Company's right to refuse additional applications for service to the noncomplying IC or End User without further notice.
- B. Unless the provisions of E2.2.2.B or E2.5 following apply, if the IC or End User fails to comply with the provisions of this Tariff *and in particular E2.1.6, preceding or E2.2.3, E2.3.1, E2.3.6, E2.3.7, E2.3.14 or E2.4 following*, including any payments to be made by it on the dates and times herein specified, the Company may, on thirty (30) *calendar* days written notice *by Certified Mail or Overnight Delivery* to the person designated by the IC or End User to receive such notices of noncompliance, discontinue the provision of the services to the non-complying IC or end user at any time thereafter. In the case of such discontinuance, all applicable charges, including termination charges, shall become due. If the Company does not discontinue the provision of the services involved on the date specified in the thirty (30) days notice, and the IC's or End User's noncompliance continues, nothing contained herein shall preclude the Company's right to discontinue the provision of the services to the non-complying IC or end user without further notice.

E2. GENERAL REGULATIONS

E2.3 Obligations of the IC (Cont'd)

E2.3.11 Claims and Demands for Damages

- A. With respect to claims of patent infringement made by third persons, the IC shall defend, indemnify, protect and save harmless the Company from and against all claims arising out of the combining with, or use in connection with, the services provided under this Tariff, any circuit, apparatus, system or method provided by the IC or end users.
- B. The IC shall defend, indemnify and save harmless the Company from and against any suits, claims, losses or damages, including punitive damages, attorney fees and court costs by third persons arising out of the construction, installation, operation, maintenance, or removal of the IC's circuits, facilities, or equipment connected to the Company's services provided under this Tariff including, without limitation, Workmen's Compensation claims, actions for infringement of copyright and/or unauthorized use of program material, libel and slander actions based on the content of communications transmitted over the IC's circuits, facilities or equipment, and proceedings to recover taxes, fines, or penalties for failure of the IC to obtain or maintain in effect any necessary certificates, permits, licenses, or other authority to acquire or operate the services provided under this Tariff; provided, however, the foregoing indemnification shall not apply to suits, claims, and demands to recover damages for damage to property, death, or personal injury unless such suits, claims or demands are based on the tortious conduct of the IC, its officers, agents or employees.

E2.3.12 Reserved for Future Use

E2.3.13 Coordination with Respect to Network Contingencies

The IC shall, in cooperation with the Company, coordinate in planning the actions to be taken to maintain maximum network capability following natural or man-made disasters, which affect telecommunications services.

E2.3.14 Jurisdictional Report Requirements¹

A. Jurisdictional Reports

1. Percent Interstate Usage (PIU)

- a. When the Company receives sufficient call detail to permit it to determine the jurisdiction of originating and terminating access minutes of use, the Company will bill according to these actual minutes of use or messages and will not use customer reported Percent Interstate Usage (PIU) factors. The Company developed percent interstate usage for access minutes of use will be determined at a statewide level.

Interstate percentage will be developed on a monthly basis by end office, when the access minutes are measured by dividing the measured interstate originating or terminating access minutes (the access minutes where the calling number is in one state and the called number is in another state) by the total originating or terminating access minutes.

The Company will bill according to actual measured minutes of use or messages for all services listed in b. and 5. following, with the exception of those listed following:

- BellSouth SWA Local Channel
- BellSouth SWA Dedicated Interoffice Channel
- BellSouth Billing Name and Address
- BellSouth Inward Operator Service
- Channelization Equipment
- DNALs associated with BellSouth SWA LSBSA

Note 1: Except where indicated herein, references to BellSouth SWA FGs will also include the applicable BellSouth SWA Basic Serving Arrangement as detailed in the matrix in Section 6.1.3 (A) of Tariff FCC No. 1 (e.g., the term BellSouth SWA FGA represents both BellSouth SWA FGA and BellSouth SWA LSBSA).

(C)

E2. GENERAL REGULATIONS

E2.3 Obligations of the IC (Cont'd)

E2.3.14 Jurisdictional Report Requirements¹ (Cont'd)

A. Jurisdictional Reports (Cont'd)

1. Percent Interstate Usage (PIU) (Cont'd)

a. (Cont'd)

Where the Company receives insufficient call detail to identify the calling station to determine the jurisdiction, the Company will charge the applicable rates for terminating BellSouth SWA as set forth in this Tariff. There may be a percentage of usage where it is not possible to know, and therefore to send to BellSouth, the needed originating information. Accordingly, BellSouth will charge the terminating BellSouth SWA rate for only those minutes lacking originating information from all SWA customers, currently 7.00 percent (%) (the "floor"). ***A 2.00 percent (%) grace threshold will be granted in conjunction with the floor. When the percentage of the carrier's traffic without the sufficient call detail to determine jurisdiction does not exceed the sum of the floor plus the grace threshold, or 9.00 percent (%), BellSouth will not apply the provisions of this tariff. When the percentage is greater than 9.00 percent (%), BellSouth will exercise the provisions of this tariff.*** For example, if 30.00 percent (%) of a customer's minutes sent to BellSouth do not contain sufficient originating information to allow BellSouth to determine the originating location, then BellSouth would apply the provisions of this tariff to those minutes exceeding the "floor", or 23.00 percent (%) in this example.

Note 1: Except where indicated herein, references to BellSouth SWA FGs will also include the applicable BellSouth SWA Basic Serving Arrangement as detailed in the matrix in Section 6.1.3 (A) of Tariff FCC No. 1 (e.g., the term BellSouth SWA FGA represents both BellSouth SWA FGA and BellSouth SWA LSBSA).

(C)
(C)

E2. GENERAL REGULATIONS

E2.3 Obligations of the IC (Cont'd)

E2.3.14 Jurisdictional Report Requirements¹ (Cont'd)

A. Jurisdictional Reports (Cont'd)

1. Percent Interstate Usage (PIU) (Cont'd)

a. (Cont'd)

BellSouth will recalculate the overall SWA customer average "floor" quarterly. In addition, subsequent reviews or audits of specific customer usage may result in a new "floor" for that customer.

In the event that BellSouth applies the intrastate terminating access rate to calls without sufficient originating information as provided in this tariff, BellSouth's access customers will have the opportunity to request backup documentation of BellSouth's basis for such application, and further request that BellSouth change the application of the intrastate access rate upon a showing of why the intrastate rate should not be applied.

For purpose of this tariff, where the customer is a third-party provider CCS7 services to its customer ("Third Party Customers"), the customer will develop its projected PIU factor based upon a weighted average of the PIU's of its Third Party Customers' end user traffic in accordance with procedures described below. In the event a Third Party Customer does not provide appropriate PIU, a 50 percent PIU will be utilized for that Third Party Customer.

The IC will provide in its initial order the projected Percent Interstate Usage (PIU) at a statewide level on a local exchange company specific basis. When the IC computes the PIU it will subtract the developed PIU from one hundred and the difference is the percent intrastate usage. The sum of the interstate and intrastate percentage will equal one hundred percent. A PIU of less than 100 percent is not allowed where the service is not also available as an intrastate access service. The projected PIU may include up to two decimals.

The intrastate usage is to be developed as though every call that originates from a calling location (as designated by the calling station number) within the same state as that in which the called station (as designated by the called station number) is situated is an intrastate communication and every call for which the point of origination (as designated by the calling station number) is in a state other than that where the called station (as designated by the called station number) is situated is an interstate communication. The manner in which a call is routed through the telecommunications network does not affect the jurisdiction of a call, i.e., a call between two points within the same state is an intrastate communication even if the call is routed through another state.

The Company will designate the number obtained by subtracting the intrastate percentage furnished by the IC from 100 (100 – IC percentage – interstate percentage) as the projected.

When an IC initially orders service(s), as defined in the following, the IC will state in its order the Percent Interstate Usage (PIU) separately for each, as set forth in a. preceding.

- BellSouth CCS7 Access Arrangement
- BellSouth SWA FGA
- BellSouth SWA FGB
- BellSouth SWA FGD
- BellSouth SWA 500 Service
- 700 Service Access
- BellSouth SWA 8XX Toll Free Dialing Ten Digit Screening Service
- BellSouth SWA 900 Service
- Switched Local Channel
- BellSouth SWA Dedicated Interoffice Channel
- Channelization Equipment
- DNALs associated with BellSouth SWA LSBSA²

Note 1: Except where indicated herein, references to BellSouth SWA FGs will also include the applicable BellSouth SWA Basic Serving Arrangement as detailed in the matrix in Section 6.1.3 (A) of Tariff FCC No. 1 (e.g., the term BellSouth SWA FGA represents both BellSouth SWA FGA and BellSouth SWA LSBSA).

Note 2: Where BellSouth SWA LSBSA is provisioned with a DNAL, the DNAL rates should be apportioned between interstate and intrastate using the same PIU factor as is applied to the associated BellSouth SWA LSBSA.

(C)
(C)

E2. GENERAL REGULATIONS

E2.3 Obligations of the IC (Cont'd)

E2.3.14 Jurisdictional Report Requirements¹ (Cont'd)

A. Jurisdictional Reports (Cont'd)

1. Percent Interstate Usage (PIU) (Cont'd)

a. (Cont'd)

- BellSouth Billing Name and Address
- BellSouth Inward Operator Service

The Percent Interstate usage factors associated with BellSouth SWA FGA, BellSouth SWA FGB, BellSouth SWA FGD and BellSouth SWA 500, 700, BellSouth SWA 8XX Toll Free Dialing Ten Digit Screening and BellSouth SWA 900 service this PIU will also apply to all associated elements and service, e.g., Carrier Common Line, Local Switching, BellSouth SWA Common Interoffice Channel, Interconnection, Access Tandem Switching, Common Trunk Port Service and minute of use based multiplexer rate elements, where applicable.

The PIU category, BellSouth SWA Local Channel, includes Dedicated End Office Trunk Port Service and Dedicated Tandem Trunk Port Service charges and other flat rated charges not specifically covered by other PIU categories.

The customer will provide a single factor as the projected Percent Interstate Usage (PIU) to apportion the usage between interstate and intrastate. This factor will be applied to the following categories:

- Switched Local Channel
- BellSouth SWA Dedicated Interoffice Channel
- Channelization Equipment

The PIU factor provided for each of the foregoing facilities categories (Switched Local Channel, BellSouth SWA Dedicated Interoffice Channel and Channelization Equipment) will reflect the combination of all traffic types which traverse such facility category.

Note 1: Except where indicated herein, references to BellSouth SWA FGs will also include the applicable BellSouth SWA Basic Serving Arrangement as detailed in the matrix in Section 6.1.3 (A) of Tariff FCC No. 1 (e.g., the term BellSouth SWA FGA represents both BellSouth SWA FGA and BellSouth SWA LSBSA). (C)
(C)

E2. GENERAL REGULATIONS

E2.3 Obligations of the IC (Cont'd)

E2.3.14 Jurisdictional Report Requirements¹ (Cont'd)

A. Jurisdictional Reports (Cont'd)

1. Percent Interstate Usage (PIU) (Cont'd)

a. (Cont'd)

When Special Access (a.k.a. BellSouth SPA) service is provided on a BellSouth SWA facility, e.g., Special Access DS1 (a.k.a. BellSouth SPA DS1) on a BellSouth SWA DS3, the facility will be apportioned between BellSouth SWA and Special Access (a.k.a. BellSouth SPA). The jurisdiction of the Special Access (a.k.a. BellSouth SPA) service shall reflect the composite of the jurisdiction of the lower capacity services, if any, of which it is comprised.

The IC shall compute the PIU using the following formula (rounded to a whole percentage).

$$\frac{\text{Total Interstate Originating Minutes} + \text{Total Interstate Terminating Minutes}}{\text{Total Originating Minutes} + \text{Total Terminating Minutes}}$$

Note 1: Except where indicated herein, references to BellSouth SWA FGs will also include the applicable BellSouth SWA Basic Serving Arrangement as detailed in the matrix in Section 6.1.3 (A) of Tariff FCC No. 1 (e.g., the term BellSouth SWA FGA represents both BellSouth SWA FGA and BellSouth SWA LSBSA). (C)

E2. GENERAL REGULATIONS

E2.3 Obligations of the IC (Cont'd)

E2.3.14 Jurisdictional Report Requirements¹ (Cont'd)

A. Jurisdictional Reports (Cont'd)

- 2 For BellSouth Directory Assistance Access service, the Company developed PIU for BellSouth SWA FGD terminating will apply.
3. ***BellSouth CCS7 Access Arrangement, the customer must state in its order the PIU anticipated as specified a. preceding. The PIU reported will then be applied to the rates for Signaling Connections, Terminations and Usage to arrive at the amount the customer is billed for interstate usage of these facilities each month.***

In addition, the PIU will be applied to the total messages and the resulting figure multiplied by the appropriate rate per message to determine the amount that the customer will be billed for interstate usage. Subsequent PIU factors will be reported as required in 4. following.

Note 1: Except where indicated herein, references to BellSouth SWA FGs will also include the applicable BellSouth SWA Basic Serving Arrangement as detailed in the matrix in Section 6.1.3 (A) of Tariff FCC No. 1 (e.g., the term BellSouth SWA FGA represents both BellSouth SWA FGA and BellSouth SWA LSBSA).

(C)
(C)

E2. GENERAL REGULATIONS

E2.3 Obligations of the IC (Cont'd)

E2.3.14 Jurisdictional Report Requirements¹ (Cont'd)

A. Jurisdictional Reports (Cont'd)

4. *Effective July 1, 2001, the customer will update the jurisdictional report associated with BellSouth CCS7 Access Arrangement, when both interstate and intrastate service is provided.*

Effective October 1, 2000, the customer will provide a single factor as the projected Percent Interstate Usage (PIU) to apportion the usage between interstate and intrastate. This PIU will apply to the following categories: Switched Local Channel, BellSouth SWA Dedicated Interoffice Channel and Channelization Equipment.

Effective July 1, 2000, the IC's projected Percent Interstate Usage (PIU) will be provided at a statewide level on a local exchange company specific basis.

Effective on the first of January, April, July and October of each year the IC will update the interstate and intrastate jurisdictional report. The IC will forward to the Company, to be received no later than thirty days after the first of each such month, a revised report for all services showing the intrastate percentage of use for the past three months ending the last day of December, March, June and September, respectively, for each service arranged for intrastate use. The revised report will serve as the basis for the next three months' billing and will be effective on the bill date for that service. If an IC does not supply an updated quarterly report, the Company will assume the percentage interstate usage to be the same PIU as provided in the last quarterly report accepted by the Company. If an audit has been completed and an updated quarterly report has not been submitted subsequent to the audit, the Company will assume the PIU factors to be the most recent audited results. For those cases in which quarterly reports have never been received from the IC, the Company will assume the PIU factors to be the most recent audit results or to be the same as those provided in the order for service if no audit has been performed.

5. When mixed interstate and intrastate Special Access (a.k.a. BellSouth SPA) service is provided, the jurisdiction will be determined as follows.
- If the IC's estimate of the interstate traffic on the service involved constitutes ten percent or less of the total traffic on that service, the service will be provided in accordance with the applicable rules and regulations of this Tariff.
 - If the IC's estimate of the interstate traffic on the service involved constitutes more than ten percent of the total traffic on that service, the service will be provided in accordance with the applicable rules and regulations of the BellSouth Telecommunications, Inc. Tariff FCC No. 1.

The IC shall keep records from which the percentage of interstate and intrastate use was estimated and upon request of the Company make the records available for inspection as reasonably necessary for purposes of verification of the percentages. The IC shall supply the data within thirty days of the Company request.

B. Jurisdictional Report Verification

1. When an IC provides a projected interstate usage percent as set forth in A. preceding, or when a billing dispute arises or a regulatory commission questions the projected interstate percentage for BellSouth SWA, the Company may, by written request, require the IC to provide the data the IC used to determine the projected interstate percentage. ***In the case of a third-party provider of CCS7 service to Third Party Customers as described in A. preceding, the data will include the data provided by the Third Party Customers.*** This written request will be considered the initiation of the audit. The IC shall supply the data to an independent auditor within thirty days of the Company request. The IC shall keep records of call detail from which the percentage of interstate and intrastate use can be ascertained as set forth in C. following and upon request of the Company make the records available for inspection at an agreed upon location during normal business hours as reasonably necessary for purposes of verification of the percentages. The Company will audit data from one quarter unless a longer period is requested by the IC and agreed to by the Company. Changes to the reported PIU will not be made for the test period. If the IC does not provide the requested data to the Company or independent auditor within (30) days of the notice of audit, the IC will be in violation of this Tariff and subject to E2.1.8 ***of this Tariff.***

Note 1: Except where indicated herein, references to BellSouth SWA FGs will also include the applicable BellSouth SWA Basic Serving Arrangement as detailed in the matrix in Section 6.1.3 (A) of Tariff FCC No. 1 (e.g., the term BellSouth SWA FGA represents both BellSouth SWA FGA and BellSouth SWA LSBSA) (C)

E2. GENERAL REGULATIONS

E2.3 Obligations of the IC (Cont'd)

E2.3.14 Jurisdictional Report Requirements¹ (Cont'd)

B. Jurisdictional Report Verification (Cont'd)

2. For *BellSouth SWA* service, verification audits may be conducted no more frequently than once per year except in extreme circumstances. The Company and IC will attempt to limit the audit to a reasonable time to effectively complete the audit. The Company and IC shall respond promptly to requests generated during the audit to ensure timely completion of the audit.

The Company will work cooperatively with other local exchange companies to develop joint audits of an IC in an effort to limit an IC's total state PIU audit to one per year.

3. Audits may be conducted by: (a) an independent auditor under contract to the Company; (b) a mutually agreed upon independent auditor; or (c) an independent auditor selected and paid for by the IC. If the IC selects option (c), where it pays for its own independent audit, the selected auditor must certify that the audit was performed following FCC procedures for measuring interstate and intrastate traffic as established by Commission Orders, and provide to the Company a report with supporting documentation to verify such procedures.
4. If a billing dispute arises or a regulatory commission questions the projected interstate percentage for Special Access (*a.k.a. BellSouth SPA*) service, the Company will ask the IC to provide the data the IC uses to determine the projected interstate percentage. The IC shall supply the data to an independent auditor within thirty days of the Company request. The IC shall keep records from which the percentage was determined and upon request of the Company make the records available for inspection as reasonably necessary for purposes of verification of the percentages.

C. Maintenance of IC Records

1. The IC, Reseller and AOS provider shall retain for a minimum of six months, call detail records, that substantiate the percentage data provided to the Company as set forth in A. preceding for *BellSouth SWA* service. Such records shall consist of a. and b. (if applicable,) following:
 - a. All call detail records, such as workpapers and/or backup documentation (including paper, magnetic tapes, or any form of records for billed IC traffic call information including call terminating address (i.e., called number), the call duration, all originating and terminating trunk groups or access lines over which the call is routed, and the point at which the call enters the IC's network, and
 - b. If the IC has a mechanized system in place that calculated its PIU, then a description of that system and the methodology used to calculate the PIU must be furnished and any other pertinent information (such as but not limited to flowcharts, source code, etc.) relating to such system must also be made available.

Note 1: Except where indicated herein, references to *BellSouth SWA FGs* will also include the applicable *BellSouth SWA* Basic Serving Arrangement as detailed in the matrix in Section 6.1.3 (A) of Tariff FCC No. 1 (e.g., the term *BellSouth SWA* FGA represents both *BellSouth SWA* FGA and *BellSouth SWA* LSBSA)

(C)

E2. GENERAL REGULATIONS

E2.3 Obligations of the IC (Cont'd)

E2.3.14 Jurisdictional Report Requirements¹ (Cont'd)

C. (DELETED)

D. Audit Results for *BellSouth SWA*

1. Audit results will be furnished to the IC via Certified U.S. Mail (return receipt requested.) The Company will adjust the IC's PIU based upon the audit results. The PIU resulting from the audit shall be applied to the usage for the quarter the audit was completed, the usage for the quarter prior to completion of the audit, and to the usage for the two (2) quarters following the completion of the audit. After that time, the IC may report a revised PIU pursuant to A. preceding. If the revised PIU submitted by the IC represents a deviation, five percentage points or more, from the audited PIU, and that deviation is not due to identifiable reasons, the provision in B. preceding will be applied.
2. Both credit and debit adjustments will be made to the IC's interstate and intrastate access charges for the specified period to accurately reflect the usage for the IC's account consistent with Section E2.4.1 following.
3. If, as a result of an audit conducted by an independent auditor, under contract to the Company, an IC is found to have overstated the PIU by twenty percentage points or more, the Company shall require reimbursement from the IC for the cost of the audit. Such bill(s) shall be due and paid in immediately available funds thirty days from receipt and shall carry a late payment penalty as set forth in E2.4.1 following.

E. Contested Audits

1. When a PIU audit is conducted by an independent auditor selected by the Company, the audit results will be furnished to the IC by Certified U.S. Mail (return receipt requested). The IC may contest the audit results based on substantive cause by providing written notification, by Certified U.S. Mail (return receipt requested), to the Company within thirty (30) calendar days from the date the audit report is furnished to the IC by Certified U.S. Mail. When a PIU audit is conducted by an independent auditor selected by the IC, the audit results will be furnished to the Company by Certified U.S. Mail (return receipt requested). The Company may contest the audit results by providing written notification, by Certified U.S. Mail (return receipt requested), to the IC within thirty (30) calendar days from the date the audit report is furnished to the Company by Certified U.S. Mail.
2. Contested audits may be resolved by a neutral arbitrator mutually agreed upon by the Company and the IC. Arbitration is an option provided in addition to the IC's existing right to file a complaint or legal action in a court of law or at the Commission for resolution of the dispute. The arbitration hearing will be conducted in a state or location within the Company operating territory where the IC maintains a principle or significant presence as mutually agreed upon by both parties, or a state and location within the Company operating territory that is mutually agreed upon by both parties. The arbitration proceeding shall be governed by the law (both statutory and case) of the state in which the arbitration hearing is held, including, but not limited to, the Uniform Arbitration Act, as adopted in that state. The arbitration shall determine the IC's PIU based on A. preceding.

Note 1: Except where indicated herein, references to *BellSouth SWA FGs* will also include the applicable *BellSouth SWA* Basic Serving Arrangement as detailed in the matrix in Section 6.1.3 (A) of Tariff FCC No. 1 (e.g., the term *BellSouth SWA* FGA represents both *BellSouth SWA* FGA and *BellSouth SWA* LSBSA).

(C)
(C)

E2. GENERAL REGULATIONS

E2.3 Obligations of the IC (Cont'd)

E2.3.19 800 Number Reporting

For *BellSouth SWA 8XX Toll Free Dialing* Ten Digit Screening service, the IC will be responsible for reporting to the Company or directly to the Service Management System 800 numbers that are in service in the Company serving area and the activation date of every 800 number assigned.

Additionally, the provision of *BellSouth SWA 8XX Toll Free Dialing* Ten Digit Screening service, provided from Section 6 of Tariff FCC No. 1, requires the IC's subscription to basic *BellSouth 8XX Toll Free Dialing* Number *Administration* service features found in Section E13. of this Tariff; or as an alternative, the provision of those features by other responsible organizations or through direct access by the IC to the Service Management System. (C)
(C)

E2.3.20 BellSouth SWA Service Credit

- A. For any IC that obtains approval and implements a service offering that competes with the Company's Area Plus^{*} service, the Company will provide certain access charge reductions to the IC. To qualify for the access charge reduction, the IC's service offering must use dialing arrangements that employ the use of originating and terminating switched access and have distinct prices which are filed and approved by the Commission. The Company will deduct from the originated switched access charges for traffic originated pursuant to an IC's qualifying plan an amount equal to the terminating carrier common line access charges.

The IC should report actual minutes of use to the Company for intraLATA minutes of use originated pursuant to the IC's service offering. This usage should be reported no later than forty-five days after the end of each quarter (i.e., February 14, May 15, August 14, and November 14) by *BellSouth SWA FGA*, *BellSouth SWA FGB*, or *BellSouth SWA FGD*. The minutes of use will be trued-up on an annual basis.

All reported minutes of use are subject to audit no more than once a year. The IC shall maintain and retain for a minimum of one year, complete, detailed and accurate records of all reported minutes of use sufficient to allow the Company or auditor to determine the accuracy of the reported minutes of use. In the absence of such records, no credit will be due the IC. Any credit given for periods for which such records do not exist may be recovered by the Company by offsetting such credit against any such credit due the IC from the Company.

E2.3.21 Utilization of Alternative Access Providers

When the IC of record for an access service utilizes the service(s) of an alternative access provider, it will be the obligation of the IC to monitor the actions of the alternative access provider to insure that the IC's desired service interconnections and grades of service are maintained.

* Service Mark of BellSouth Corporation

E2. GENERAL REGULATIONS

E2.4 Payment Arrangements and Credit Allowances

E2.4.1 Payment of Rates, Charges and Deposits ¹

- A. The Company will, in order to safeguard its interests, only require an IC which has a proven history of late payments to the Company or does not have established credit to make a deposit prior to or at any time after the provision of a service to the IC to be held by the Company as a guarantee of the payment of rates and charges.

The Company will notify the customer of a deposit requirement by Certified Mail or Overnight Delivery. The customer will be required to make payment of such deposit prior to the provision of new service in those cases where the customer has not established credit with the Company, or otherwise within fifteen (15) calendar days of such notice for customers with existing services. Such notice period will start the day after the notice is rendered by Certified Mail or Overnight Delivery.

No such deposit will be required of an IC which is a successor of a company which has established credit and has no history of late payments to the Company. Such deposit may not exceed the actual or estimated rates and charges for the service for a two month period. The fact that a deposit has been made in no way relieves the IC from complying with the Company's regulations as to the prompt payment of bills. At such time as the provision of the service to the IC is terminated, the amount of the deposit will be credited to the IC's account and any credit balance which may remain will be refunded.

Such a deposit will be refunded or credited to the IC's account when the IC has established credit or, in any event, after the IC has established a one-year prompt payment record at any time prior to the termination of the provision of the service to the IC. In case of a cash deposit, for the period the deposit is held by the Company, the IC will receive interest at the same percentage rate as that set forth in B.3. following. The rate will be compounded daily for the number of days from the date the IC's deposit is received by the Company to and including the date such deposit is credited to the IC's account or the date the deposit is refunded by the Company. Should a deposit be credited to the IC's account, as indicated preceding, no interest will accrue on the deposit from the date such deposit is credited to the IC's account.

- B. The Company shall bill on a current basis all charges incurred by and credits due to the IC under this Tariff attributable to services including, but not limited to maintenance of service as set forth in E13.3.1.C. following, established or discontinued during the preceding billing period. In addition, the Company shall bill in advance charges for all services to be provided during the ensuing billing period except for charges associated with service usage, and for the Federal Government, which will be billed in arrears. The bill day (i.e., the billing date of a bill for an End User or IC for Access Service under this Tariff), the period of service each bill covers and the payment due date will be as follows:
1. For services provided under this Tariff that are billed directly to the End User, the Company will establish a bill day each month for each end user account. The bill will cover charges applicable to the End User for the ensuing billing period, except for the Federal Government which will be billed in arrears. Any known unbilled charges for prior periods and any known unbilled adjustments for prior periods for the charges applicable to the End User will be applied to this bill. Such bills are due when rendered.
 2. For services provided under this Tariff that are billed directly to the IC, the Company will establish a bill day each month for each IC account. The bill will cover nonusage sensitive service charges for the ensuing billing period for which the bill is rendered, any known unbilled nonusage sensitive charges for prior periods and unbilled usage charges for the period after the last bill day thru the current bill day. Any known unbilled usage charges for prior periods and any known unbilled adjustments will be applied to this bill. Payment for such bills is due as set forth in 3. following. If payment is not received by the payment due date, as set forth in 3. following in immediately available funds, a late payment penalty will apply as set forth in 3. following.

Note 1: Except where indicated herein, references to BellSouth SWA FGs will also include the applicable BellSouth SWA Basic Serving Arrangement as detailed in the matrix of Section 6.1.3 (A) of Tariff FCC No. 1 (e.g., the term BellSouth SWA FGA represents both BellSouth SWA FGA and BellSouth SWA LSBSA).

(C)
(C)

E2. GENERAL REGULATIONS

E2.4 Payment Arrangements and Credit Allowances (Cont'd)

E2.4.1 Payment of Rates, Charges and Deposits¹ (Cont'd)

B. (Cont'd)

3. All bills dated as set forth in 2. preceding for services provided to the IC by the Company are due on the payment due date. The payment due date is the date which is thirty-one days after the bill day or by the next bill date (i.e., same date in the following month as the bill date) whichever is the shortest interval, except as provided herein, and are payable in immediately available funds. If such payment due date would cause payment to be due on a Saturday, Sunday or Holiday (i.e., New Year's Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Day, and a day when Washington's Birthday, Memorial Day or Columbus Day is legally observed), payment for such bills will be due from the IC as follows:

If such payment due date falls on a Sunday or on a Holiday which is observed on a Monday, the payment due date shall be the first non-Holiday day following such Sunday or Holiday. If such payment due date falls on a Saturday or on a Holiday which is observed on Tuesday, Wednesday, Thursday, or Friday, the payment due date shall be the last non-Holiday day preceding such Saturday or Holiday.

Further, if any portion of the payment is received by the Company after the payment due date as set forth preceding, or if any portion of the payment is received by the Company in funds which are not immediately available to the Company, then a late payment penalty may be due to the Company. The late payment penalty shall be the portion of the payment not received by the payment due date times a late factor. The late factor shall not exceed the rate of one and one-half percent per month.

4. In the event of a billing dispute, the IC must submit a documented claim for the disputed amount. If the dispute is submitted on or before the payment due date or within ninety days after the payment due date and the disputed amount is paid prior to resolution of the dispute, any interest credits due the IC upon resolution of the dispute shall be calculated from the date of the overpayment to the resolution date. If the dispute is submitted more than ninety days after the payment due date and the disputed amount is paid prior to resolution of the dispute, any interest credits due the IC upon resolution of the dispute shall be calculated from the dispute date or the date the payment is made, whichever occurs later, to the resolution date. The Company will resolve the dispute and assess interest credits or late payment penalties to the IC as follows:
 - If the dispute is resolved in favor of the Company and the IC has paid the disputed amount on or before the payment due date, no credits or late payment penalties will apply to the disputed amount.
 - If the dispute is resolved in favor of the Company and the IC has withheld the disputed amount, any payments withheld pending settlement of the dispute shall be subject to the late payment penalty.
 - If the dispute is resolved in favor of the IC and the IC has withheld the disputed amount, no credits or late payment penalties will apply to the disputed amount.
 - If the dispute is resolved in favor of the IC and the IC has paid the disputed amount, the IC will receive a credit from the Company for the disputed amount times a penalty factor as set forth preceding. The penalty factor shall not exceed the rate of one and one-half percent per month.

If an IC's traffic terminates to an end office via an alternative Tandem Service Provider (TSP), any terminating usage dispute for that end office must identify the quantity of MOUs the IC's records indicate to be terminated via an alternative TSP.

Upon receipt of the dispute involving usage terminated via an alternative TSP, the Company will verify that the disputed bill accurately represents the information provided to the Company pursuant to Section 6.6.5 of Tariff FCC No. 1, within five days of receipt of a dispute notification. (C)

If the billing agrees with the billing data received pursuant to Section 6.6.5 of Tariff FCC No. 1, the Company will refer the dispute to the entity providing the billing date information within sixteen days from the date the dispute was received. (C)

The provider of the billing data information will investigate the claim and reply to the Company within fifteen days of the referral.

Note 1: Except where indicated herein, references to *BellSouth SWA FGs* will also include the applicable *BellSouth SWA* Basic Serving Arrangement as detailed in the matrix of Section 6.1.3 (A) of Tariff FCC No. 1 (e.g., the term *BellSouth SWA FGA* represents both *BellSouth SWA FGA* and *BellSouth SWA LSBSA*). (C)

E2. GENERAL REGULATIONS

E2.4 Payment Arrangements and Credit Allowances (Cont'd)

E2.4.1 Payment of Rates, Charges and Deposits¹ (Cont'd)

B. (Cont'd)

The provider of the billing data information, the IC and the Company will work cooperatively to resolve any remaining discrepancies.

If the entity providing the billing data information fails to cooperate with the Company to resolve billing disputes involving usage billed based on the billing data information received, the Company may refuse to accept future billing data information and bill the full terminating charges for all usage to the alternative TSP.

The terms and conditions in E2.4.1.B.3. preceding still apply except for the following:

- If the Company accurately billed the usage as contained in the billing data information provided to it, the Company will not be liable for any interest due the IC for overpayment if the dispute is resolved in the IC's favor.

Note 1: Except where indicated herein, references to *BellSouth SWA FGs* will also include the applicable *BellSouth SWA* Basic Serving Arrangement as detailed in the matrix of Section 6.1.3 (A) of Tariff FCC No. 1 (e.g., the term *BellSouth SWA* FGA represents both *BellSouth SWA* FGA and *BellSouth SWA* LSBSA).

(C)
(C)

E2. GENERAL REGULATIONS

E2.4 Payment Arrangements and Credit Allowances (Cont'd)

E2.4.1 Payment of Rates, Charges and Deposits¹ (Cont'd)

- C. Adjustments for the quantities of services established or discontinued in any billing period beyond the minimum period set forth for services in other sections of this Tariff will be prorated based on the number of days the IC had service during the billing period times one-thirtieth (1/30th) the monthly rate. Billing for service begins on the day following the date of installation and shall accrue through and include the day service is discontinued. The Company will, upon request and if available, furnish such detailed information as may reasonably be required for verification of any bill.
- D. When a rate as set forth in this Tariff is shown to more than two decimal places, the charges will be determined using the rate shown. The resulting amount will then be rounded to the nearest penny (i.e., rounded to two decimal places).
- E. When more than one copy of an IC bill for services provided under the provisions of this Tariff is furnished to the IC, an additional charge applies for each additional copy of the bill as set forth in E13.3.6 following.
- F. The dispute date is the date the IC presents sufficient documentation to support the claim. Sufficient documentation consists of the following information, where such information is relevant to the dispute and reasonably available to the IC:
1. **Special Access (a.k.a. BellSouth SPA)**
 - a. The nature of the dispute (i.e., incorrect rate, incorrect circuit type etc.), including the basis for the IC's belief that the bill is incorrect.
 - b. The billing account number(s) assigned by the Company.
 - c. The amount of money in dispute.
 - d. The date of the bill in dispute.
 2. **BellSouth SWA (Non-Usage)**
 - a. The nature of the dispute (i.e., incorrect rate etc.), including the basis for the IC's belief that the bill is incorrect.
 - b. The billing account number(s) assigned by the Company.
 - c. The amount of money in dispute.
 - d. The date of the bill in dispute.
 3. **BellSouth SWA (Usage)**
 - a. The nature of the dispute (i.e., incorrect rate, incorrect minutes of use, etc.), including the basis for the IC's belief that the bill is incorrect.
 - b. The type of usage (i.e., originating or terminating).
 - c. The Company end office where the minutes of use originated or terminated (if applicable).
 - d. The number of minutes in dispute.
 - e. The billing account number(s) assigned by the Company.
 - f. The amount of money in dispute.
 - g. The date of the bill.
- G. The Company and the IC shall work cooperatively to resolve the dispute.

If additional information from the IC would assist in resolving the dispute, the IC may be requested to provide additional information relevant to the dispute and reasonably available to the IC. This data may include, but is not limited to summarized usage data by time of day. The request for such additional information shall not affect the dispute date established pursuant to E2.4.1.F. preceding.

Note 1: Except where indicated herein, references to **BellSouth SWA FGs** will also include the applicable **BellSouth SWA** Basic Serving Arrangement as detailed in the matrix of Section 6.1.3 (A) of Tariff FCC No. 1 (e.g., the term **BellSouth SWA** FGA represents both **BellSouth SWA** FGA and **BellSouth SWA** LSBSA). (C)

E2. GENERAL REGULATIONS

E2.4 Payment Arrangements and Credit Allowances (Cont'd)

E2.4.1 Payment of Rates, Charges and Deposits¹ (Cont'd)

- H.** For purposes of E2.4.1.B.4., the resolution date is the date on which the Company completes the investigation of the dispute, and the Company's service representative notifies the IC of the disposition and notes the IC's account or when the Company forwards the amount of credit to the IC, depending upon IC preference.
- I.** At the option of the IC or end user, all nonrecurring charges associated with a Standard or Negotiated Interval Access Order may be billed over a three month period subject to the following:
- Fifty percent of the total nonrecurring charges will be billed in the first monthly billing period after the charges are incurred, and twenty-five percent of the total nonrecurring charges plus an Extended Billing Plan Charge will be billed in each of the following two monthly billing periods.
 - The Extended Billing Plan Charge is calculated at a rate of one percent per month or twelve percent annually, on the unbilled balance of the nonrecurring charges.
 - The IC or end user must request extended billing on or before the Application Date as set forth in E5.1.2 following for a Standard or Negotiated Interval Access Order.
 - If the IC or end user disconnects service before the expiration of the plan period, all unbilled charges plus the Extended Billing Plan Charge, if applicable, will be included in the final bill rendered.
 - This payment arrangement is not available for Daily Program Audio (a.k.a. BellSouth SPA Program Audio).
 - If the IC or end user fails to make any of the payments on the payment due date as set forth in B.1. preceding, these late payment charges specified in B.3. preceding will apply.
- J.** Effective October 1, 2001, a monthly recurring surcharge is applicable to each retail customer's total telecommunications bill in order to support South Carolina's Universal Service Fund. The surcharge will be assessed in accordance with orders issued by the Public Service Commission of South Carolina.

E2.4.2 Minimum Periods

- A.** The minimum periods for which services are provided and for which rates and charges are applicable are set forth in E2.4.9, Sections E5. and E7. of this intrastate Tariff and Section 6 of Tariff FCC No. 1, for BellSouth SWA and Special Access (a.k.a. BellSouth SPA) services; in Sections E8. and E9. following, for Billing and Collection Services and BellSouth Directory Assistance Access service; in Section E14. following for Special Construction; and, in Section E29. for Optical Transport Access Service. (C)

Note 1: Except where indicated herein, references to BellSouth SWA FGs will also include the applicable BellSouth SWA Basic Serving Arrangement as detailed in the matrix of Section 6.1.3 (A) of Tariff FCC No. 1 (e.g., the term BellSouth SWA FGA represents both BellSouth SWA FGA and BellSouth SWA LSBSA). (C)

E2. GENERAL REGULATIONS

E2.4 Payment Arrangements and Credit Allowances (Cont'd)

E2.4.2 Minimum Periods (Cont'd)

- B. The minimum period for which service is provided and for which rates and charges are applicable for a Specialized Service or Arrangement provided on an individual case basis, as set forth in E12. *of this Tariff* is one month unless a different minimum period is established with the individual case filing.
- C. When a service is discontinued prior to the expiration of the minimum period, charges are applicable whether the service is used or not as follows:
 - 1. When a service with a one month minimum period is discontinued prior to the expiration of the minimum period, a one month charge will apply at the rate level in effect at the time service is discontinued.
 - 2. When a service with a minimum period greater than one month is discontinued prior to the expiration of the minimum period, the applicable charge will be the lesser of (1) the Company's total nonrecoverable costs less the net salvage value for the discontinued service or (2) the total monthly charges, at the rate level in effect at the time service is discontinued, for the remainder of the minimum period.

E2.4.3 Cancellation of an Order for Service

Provisions for the cancellation of an Access Order for BellSouth SWA or Special Access (a.k.a. BellSouth SPA) services are set forth in E5.2.3 *of this Tariff*.

E2.4.4 Credit Allowance for Service Interruptions

A. General

A service is interrupted when it becomes unusable to the IC or End User because of a failure of a facility component used to furnish service under this Tariff, or in the event that the protective controls applied by the Company result in the complete loss of service by the IC or End User as set forth in Section 6.5.1 of Tariff FCC No. 1. An interruption period starts when an inoperative service is reported to the Company and ends when the service is operative. (C)

B. When A Credit Allowance Applies

In case of an interruption to any service, allowance for the period of interruption, if not due to the negligence of the IC or End User, shall be as follows:

- 1. For BellSouth SWA Dedicated Interoffice Channels, Channelization Equipment, Switched Local Channels, ***Dedicated End Office Trunk Port Service, Dedicated Tandem Trunk Port***, Special Access (a.k.a. BellSouth SPA) services, and for Fast Packet Access services, no credit shall be allowed for an interruption of less than thirty minutes. The IC or end user shall be credited for an interruption of thirty minutes or more at the rate of 1/1440 of the monthly charges for the facility or service for each period of thirty minutes or major fraction thereof that the interruption continues.

The monthly charges used to determine the credit shall be as follows:

- a. The monthly charge shall be the total of all the monthly rate element charges associated with the service:
 - (1) For BellSouth SWA Transport: Switched Local Channel, BellSouth SWA Dedicated Interoffice Channel, ***Dedicated End Office Trunk Port Service, Dedicated Tandem Trunk Port Service***, Channelization Equipment (if applicable), and any Optional Features and Functions.
 - (2) For Special Access (a.k.a. BellSouth SPA) two-point services: two Local Channels, Interoffice Channel and Optional Features and Functions.

E2. GENERAL REGULATIONS

E2.4 Payment Arrangements and Credit Allowances (Cont'd)

E2.4.6 Re-establishment of Service Following Fire, Flood or Other Occurrence (Cont'd)

A. Nonrecurring Charges Do Not Apply (Cont'd)

4. The reestablishment of service begins within sixty days after Company service is available. (The sixty day period may be extended a reasonable period if the renovation of the original location on the premises affected is not practical within the allotted time period.)

B. Nonrecurring Charges Apply

Nonrecurring Charges apply for establishing service at a different location on the same premises or at a different premises pending reestablishment of service at the original location.

E2.4.7 Title or Ownership Rights

- A. The payment of rates and charges by ICs or end users for the services offered under the provisions of this Tariff does not assign, confer or transfer title or ownership rights to proposals or facilities developed or utilized, respectively, by the Company in the provision of such services.

E2.4.8 Billing of Access Service Provided by Multiple Companies

A. Feature Group A (FGA) Service¹

When a Feature Group A (*or LSBSA*)² Switched Access Service is ordered by an IC or end user where one end of the Transport Element is in the Company's operating territory and the other end is in another Exchange Telephone Company's operating territory, the Exchange Telephone Company in whose territory the *FGA dial-tone office* is located will accept the order. In addition, the Exchange Telephone Company in whose territory the IC terminal location or end user *servicing wire center* is located must also receive a copy of the order from the IC or end user. The Exchange Telephone Company that accepts the order will then determine the charges involved, arrange to provide the access service ordered and bill the charges in accordance with its Access Service Tariff.

Upon agreement of the Exchange Telephone Companies involved in the provision of FGA service, the dedicated portion of FGA service (i.e., Switched Dedicated Interoffice Channel, Switched Local Channel and Channelization Equipment) will be billed in accordance with the provisions of B. and C. following. For non-dedicated portions of FGA service, including the Interconnection charge, the rates of the billing Company will apply.

Note 1: Except where indicated herein, references to feature groups will also include the applicable Basic Serving Arrangement (BSA) as detailed in the matrix of Section 6.1.3 (A) of Tariff FCC No. 1 (e.g., the term FGA represents both FGA and Line Side Basic Service Arrangement (LSBSA)). (C)

Note 2: Where LSBSA is provisioned with a DNAL, this sub-section, E2.4.8 shall also apply to the DNAL. (C)

E2. GENERAL REGULATIONS

E2.4 Payment Arrangements and Credit Allowances (Cont'd)

E2.4.8 Billing of Access Service Provided by Multiple Companies (Cont'd)

B. Single Bill Arrangements

1. General

If agreed to by the Exchange Telephone Companies involved in the provision of the service, a single bill will be provided for *Special Access and* FGB¹, FGC, FGD and the dedicated portions of FGA service. In the event that the Exchange Telephone Companies involved agree to change from one billing arrangement to another, the IC or End User will be notified at least thirty days prior to the effective date of the change.

2. Ordering

The IC shall place its access service request with each Exchange Telephone Company involved in the provision of the service.

3. Rating and Billing of Service

The billing company will be as agreed to by the Exchange Telephone Companies involved in the provision of the service. The single bill arrangement may be provided under the following single bill alternatives if agreed to by such companies:

- a. The billing company will bill and collect all appropriate charges in accordance with the regulations, rates and charges in its Access Service Tariff, or
- b. The billing company will bill and collect all appropriate charges in accordance with the rates and charges in its access tariff, for the portion of the service it provides, and in accordance with the rates and charges of the access tariffs of the other Exchange Telephone Companies involved, for the portion of the service which they provide. The Interconnection charge of the end office Telephone Company will apply. The bill will separately identify each company's rates and charges, or

Note 1: Except where indicated herein, references to feature groups will also include the applicable Basic Serving Arrangement (BSA) as detailed in the matrix of Section 6.1.3 (A) of Tariff FCC No. 1 (e.g., the term FGA represents both FGA and Line Side Basic Service Arrangement (LSBSA)). (C)

E2. GENERAL REGULATIONS

E2.4 Payment Arrangements and Credit Allowances (Cont'd)

E2.4.8 Billing of Access Service Provided by Multiple Companies (Cont'd)

C. Multiple Bill Arrangements (Cont'd)

3. Rating and Billing of Service (Cont'd)

b. (Cont'd)

- (2) When rates and charges are listed on a per unit basis, e.g., central office bridging or channelization, this Company's rates and charges will apply for units located in this Company's operating territory. ***For switched access common transport between a Company access tandem and an end office of another Company, fifty percent of this Company's Common Transport DS3 to DS1 Multiplexer rate, as set forth in Section 6.8.1 of Tariff FCC No. 1, and this Company's Directory Transport DS3 to DS1 Multiplexer rate, as set forth in E9.5.3 of this Tariff, shall apply.*** (C)

- (3) When rates and charges are developed on an individual case basis, such rates will be developed for the portion of the service provided by this Company.

- (4) When rates and charges are listed on a per service basis, this Company's rates and charges are allocated based upon the ratio of points on the special access (a.k.a. BellSouth SPA) circuit that a company owns, in relation to the total number of points on the circuit.

- (5) For Special Access (a.k.a. BellSouth SPA) Interoffice Channels, fifty percent of this Company's rate will apply for each end of the Interoffice Channel that this Company provides.

For example:

If the interoffice channel fixed rate is \$11.80, and this Company provides only one end of the interoffice channel, the rate would be fifty percent of \$11.80, or \$5.90. Likewise, fifty percent of this Company's nonrecurring charge would apply when this Company provides only one end of the Interoffice Channel.

If this Company does not provide either end of the Interoffice Channel, this Company's fixed rate for mileage between central offices and this Company's nonrecurring charges for Interoffice Channels shall not apply.

- (6) For BellSouth SWA Dedicated Interoffice Channel Facility Termination rates, fifty percent of this Company's rate will apply for each end of the BellSouth SWA Dedicated Interoffice Channel that this Company provides.

For example:

If the BellSouth SWA Dedicated Interoffice Channel Facility Termination rate is \$15.00, and this Company provides only one end of this BellSouth SWA Dedicated Interoffice Channel, the rate would be fifty percent of \$15.00, or \$7.50.

If this Company does not provide either end of the BellSouth SWA Dedicated Interoffice Channel, this Company's BellSouth SWA Dedicated Interoffice Channel Facility Termination rate shall not apply.

- c. For nonrecurring charges, one-hundred percent of this Company's charge shall apply; except as specified in b. (5) preceding, provided, however, that for installation charges pursuant to Section 6.8.1 of Tariff FCC No. 1, only fifty percent of this Company's installation charges will apply where, for trunks installations this Company owns neither the involved end office or access tandem, or for line side installations this Company does not own the Feature Group A dial tone office. (C)

E2. GENERAL REGULATIONS

E2.4 Payment Arrangements and Credit Allowances (Cont'd)

E2.4.9 Optional Payment Plan (Cont'd)

C. Transport Payment Plan (TPP)

1. General

- a. The regulations and terms specified herein are applicable only to BellSouth Dedicated Ring, SMARTRing service (a.k.a. BellSouth Dedicated Ring), **BellSouth Metro Ethernet service** and/or BellSouth Wavelength service access services as indicated in the rate regulations in Section 6 of Tariff FCC No. 1 and Sections E7. and E29 of this intrastate Tariff. (C)
- b. The TPP allows customers to pay stabilized monthly rates for fixed service periods selected by the customer. The three payment plans offered are as follows: (C)
 - (1) Payment Plan A, service periods may be selected from 12 months to 36 months in length.
 - (2) Payment Plan B, service periods may be selected from 37 months to 60 months in length.
 - (3) Payment Plan C, service periods may be selected from 61 months to 96 months in length.
- c. For conversions to the TPP arrangement, the number of months under the TPP arrangement must equal or exceed the number of months remaining under the CSPP arrangement.
- d. Termination liability charges and nonrecurring charges will not apply when a CSPP customer converts to a TPP arrangement.
- e. When the customer renews a TPP arrangement and the sum of months in service added to the new contract period is greater than the number of months for which the service is available under a TPP, the current Payment Plan C rates will apply.
- f. When the customer orders service to be provided under a TPP arrangement, the customer must designate to the Company the payment plan desired.
- g. Rates stabilized under a TPP arrangement are exempt from Company initiated increases, however, decreases for any rate element will automatically be reflected in the rates charged to the customer.
- h. Conversions of BellSouth Wavelength service, LightGate service (a.k.a. BellSouth SPA Point to Point Network), BellSouth Dedicated Ring and/or SMARTRing service (a.k.a. BellSouth Dedicated Ring) TPP arrangements to a higher order of CSPP service are allowed.

2. Application of Rates

- a. The stabilized monthly recurring rates as set forth in Section 6 of Tariff FCC No. 1 and Sections E7. and E29. of this intrastate Tariff are set as of the Application Date for BellSouth Dedicated Ring, SMARTRing service (a.k.a. BellSouth Dedicated Ring), **BellSouth Metro Ethernet service** and/or BellSouth Wavelength service provided that the actual service date does not exceed the latter of the following: (C)
 - (1) the Service Date under a standard service interval, or
 - (2) the earliest date by which service can be made available to the customer by the Company.
- b. If the customer desires a service date later than as provided in a. preceding, the stabilized monthly recurring rates in effect on the service date are applicable.

3. Additions

- a. Additions of services or rate elements, to existing BellSouth Dedicated Ring and/or SMARTRing service (a.k.a. BellSouth Dedicated Ring) systems, to activate spare or unused capacities, must be activated under the same rate plan as the existing TPP arrangement. BellSouth Dedicated Ring and/or SMARTRing service (a.k.a. BellSouth Dedicated Ring) channel interfaces must be activated as set forth in Section 6 of Tariff FCC No. 1 and Section E7. of this intrastate Tariff. (C)

E2. GENERAL REGULATIONS

E2.4 Payment Arrangements and Credit Allowances (Cont'd)

E2.4.10 Service Installation Guarantee

- A. The Company assures that orders for services to which the Service Installation Guarantee applies will be installed and available for customer use no later than the Service Date as specified in E5.2.3.B. following. The Service Installation Guarantee is applicable only as specified in Section 6.7.1 (A) of Tariff FCC No. 1 and Section E7.4.1.A. of this intrastate tariff. (C)
- B. The failure of the Company to meet this commitment will result in the credit of an amount equal to the nonrecurring charges associated with the individual service having the missed Service Date being applied to the customer's bill. The credit will include only nonrecurring charges associated with the services specified in Section 6.7.1 (A) and Section E7.4.1.A. of this intrastate Tariff for which nonrecurring charges are applicable. The nonrecurring charges will be credited at the rate at which they were billed. The credit will not be provided if a credit of the same nonrecurring charge for the same service is provided under any other provisions of this Tariff. (C)
- C. **(DELETED)**
- D. Service Installation Guarantees do not apply:
 - 1. when failure to meet the Service Date occurs because of:
 - a. any act or omission, which shall include an accurate and complete service order from this customer, any other customer or any third party, or of any other entity providing a portion of a service,
 - b. labor difficulties, governmental orders, civil commotions, criminal actions against the Company, acts of God, war, or other circumstances beyond the Company's control,
 - c. unavailability of the customer's facilities and/or equipment,
 - 2. to service requiring Special Construction as set forth in Section E14. following,
 - 3. to Specialized Service or Arrangements or Individual Case Basis filings,
 - 4. for jointly provisioned services except as stipulated in C. preceding, and
 - 5. to BellSouth SWA or Special Access (a.k.a. BellSouth SPA) installation, moves and arrangements of service with requested intervals of four days or less, as measured from the Application Date of the service order.

In addition, Service Installation Guarantees will not apply during a declared National Emergency. Priority installation of National Security Emergency Preparedness (NSEP) telecommunications services shall take precedence.

E2.5 Connections

E2.5.1 General

- A. Equipment and Systems (i.e., terminal equipment, multiline terminating systems and communications systems) may be connected with access service (BellSouth SWA and Special (a.k.a. BellSouth SPA)) furnished by the Company where such connection is made in accordance with the provisions specified in Technical Reference Publication AS No. 1 and in E2.1 preceding.

E2.5.2 Reserved for Future Use

E5. ORDERING OPTIONS FOR BellSouth SWA AND SPECIAL ACCESS (a.k.a. BellSouth SPA) SERVICE

E5.1 General (Cont'd)

E5.1.4 Special Construction

- A. Special Construction is not an ordering option, but may be applied to an Access Order when the Company determines special construction is necessary to accommodate an IC request. When special construction is required, the IC will be so notified and will be furnished with a written statement setting forth the justification for the special construction as well as an estimate of the charges. If the IC agrees to the special construction, a firm order will be established. If the IC does not want the service or facilities after being notified that special construction is required, the order will be withdrawn and no charges will apply. The regulations, rates and charges for Special Construction are set forth in E14. following and are in addition to the regulations, rates and charges specified in this section.

E5.2 Access Order

E5.2.1 Provision of Service

A. General

An Access Order is used by the Company to provide to an IC Access Service as follows:

1. **BellSouth SWA** services as set forth in Section 6 of Tariff FCC No. 1,
2. Special Access (*a.k.a. BellSouth SPA*) services as set forth in E7. following, and
3. Other services as set forth in E5.1.3 preceding.

B. Information Required

When placing an order for Access Service, the IC shall provide, at a minimum, the following information:

1. For **BellSouth SWA FGA** and **BellSouth SWA** LSBSA service, the IC shall specify:
 - a. Number of lines
 - b. First point of switching (i.e., the dial tone office)
 - c. Directionality of the service
 - d. **BellSouth SWA** Transport Options, if any
 - e. Local Switching Options, if any
 - f. Whether the off-hook supervisory signaling is to be provided by the IC's equipment or if it is to be forwarded by the IC's equipment when the called party answers
 - g. If the service is to be provided with an extension to a different exchange, (the IC's premises at which the extension is to be terminated)
 - h. Percent Interstate Usage (PIU) as specified in E2.3.14 preceding
 - i. Provide Connecting Facility Assignment (CFA), if associated with a high capacity facility
 - j. For Switched Local Channel and **BellSouth SWA** Dedicated Interoffice Channel, the capacity
2. For **BellSouth SWA FGB** and **BellSouth SWA** TSBSA 1 service, the IC shall specify:
 - a. The number of trunks
 - b. For trunks to an end office, the end office
 - c. For trunks to an Access Tandem
 - (1) The Access Tandem Switch

E5. ORDERING OPTIONS FOR BellSouth SWA AND SPECIAL ACCESS (a.k.a. BellSouth SPA) SERVICE

E5.2 Access Order (Cont'd)

E5.2.1 Provision of Service (Cont'd)

B. Information Required (Cont'd)

3. For BellSouth SWA FGC, BellSouth SWA FGD and BellSouth SWA TSBSA 2 or BellSouth SWA TSBSA 3 service, the IC shall specify:
 - a. The number of BellSouth SWA FGD and BellSouth SWA TSBSA 3 trunks
 - (1) for trunks ordered to an end office, the end office
 - (2) for trunks ordered to an Access Tandem, the Access Tandem Switch
 - (3) for trunks with coin sent-paid capability ordered to a TOPS tandem, the TOPS Tandem Switch
 - (4) an estimate of the amount of traffic it will generate to and/or from each end office subtending the access and/or TOPS tandem (to assist the Company in its own efforts to project further facility requirements).
 - b. BellSouth SWA Transport Options, if any
 - c. Local Switching Options (including BSEs), if any
 - d. The traffic type using the categories specified in Section 6.1.1 of Tariff FCC No. 1, to enable efficient provisions and billing functions. (C)
 - e. Provide Connecting Facility Assignment (CFA), if associated with a high capacity facility.
 - f. For **BellSouth SWA** Local Channel and BellSouth SWA Dedicated Interoffice Channel, the capacity.
 - g. **(DELETED)**

The coin capable end offices and TOPS tandem switches are identified in the Wire Center Section of the National Exchange Carrier Association, Inc., Tariff F.C.C. No. 4.

E5. ORDERING OPTIONS FOR BellSouth SWA AND SPECIAL ACCESS (a.k.a. BellSouth SPA) SERVICE

E5.2 Access Order (Cont'd)

E5.2.1 Provision of Service (Cont'd)

B. Information Required (Cont'd)

4. For all Special Access (*a.k.a. BellSouth SPA*) services, the IC must specify the IC terminal location and end user premises or Hub, the channel type (e.g., Video (*a.k.a. BellSouth SPA Video*), Voice Grade (*a.k.a. BellSouth SPA DS0 VG*), High Capacity (*a.k.a. BellSouth SPA High Capacity*), etc.) and the channel interface, technical specifications package and options desired. For multipoint services, the channel interface at each end user premises may, at the request of the end user, be different but all such interfaces shall be compatible.
5. For *BellSouth SWA* Dedicated Transport services, the IC must specify the Facility Hubs involved, if applicable, the channel type (e.g. *BellSouth SWA VG*, *BellSouth SWA DSI*, etc.) the channel interface and any options desired.
6. Dedicated Access Line Service must be ordered for use with *BellSouth SWA* FGC, *BellSouth SWA* FGD, *BellSouth SWA* TSBSA 2 or *BellSouth SWA* TSBSA 3 service. The IC must specify the end user premises, the channel interface (i.e., two-wire or four-wire), the type of calling (i.e., originating or terminating) and the type of supervisory signaling. When the necessary screening functions are not provided at the end user serving wire center, the Company will use the nearest wire center where screening capacity exists.

The IC must also specify that the Dedicated Access Line is to be provided with an extension in the same or a different LATA, if applicable. When such an extension is specified on the order, the IC must also specify either (1) the end user premises in the LATA (for an intraLATA extension) or (2) the IC's terminal location (for an extension in a different LATA) to which such extension is to be provided.

7. The IC must always specify how Special Access (*a.k.a. BellSouth SPA*) is to be used so that the Company may determine the appropriate application of the Special Access (*a.k.a. BellSouth SPA*) service surcharge.
8. *BellSouth SWA* 500 Service

For *BellSouth SWA* 500 service, as described in Section 6.2 of Tariff FCC No. 1, the IC shall order in the same manner which is set forth preceding for ordering *BellSouth SWA* FGC, *BellSouth SWA* FGD, *BellSouth SWA* TSBSA 2 or *BellSouth SWA* TSBSA 3 except that ICs must order *BellSouth SWA* FGC, *BellSouth SWA* FGD, *BellSouth SWA* TSBSA 2 or *BellSouth SWA* TSBSA 3 to all end offices within the IC designated LATA(s), either through the tandem or by direct connections to the end office. (C)

The IC is also responsible for reporting to the Company the percent interstate usage (PIU) for *BellSouth SWA* 500 service as set forth in E2.3.14 preceding.

9. *BellSouth SWA* 8XX Toll Free Dialing Ten Digit Screening Service

For *BellSouth SWA* 8XX Toll Free Dialing Ten Digit Screening service as described in Section 6.2.5 of Tariff FCC No. 1, the IC shall order in the same manner which is set forth preceding for ordering *BellSouth SWA* FGD and *BellSouth SWA* TSBSA 3 except that the IC must order *BellSouth SWA* FGD or *BellSouth SWA* TSBSA 3 to all access tandems or direct connections to all end offices designated by the Company as Service Switching Points for *BellSouth SWA* 8XX Toll Free Dialing Ten Digit Screening service within the LATA. Direct trunk routes cannot be provided unless the end office is equipped to provide the IC identification function. All traffic originating from end offices not equipped to provide the IC identification function require routing via the serving access tandem at which the function is available. Service must be ordered accordingly. (C)

The IC is also responsible for reporting to the Company the percent interstate usage (PIU) for *BellSouth SWA* 8XX Toll Free Dialing Ten Digit Screening service as set forth in E2.3.14 preceding. (C)

E5. ORDERING OPTIONS FOR BellSouth SWA AND SPECIAL ACCESS (a.k.a. BellSouth SPA) SERVICE

E5.2 Access Order (Cont'd)

E5.2.1 Provision of Service (Cont'd)

B. Information Required (Cont'd)

13. When ordering BellSouth Operator Transfer Service, the IC shall specify the number of new or additional BellSouth SWA FGC, BellSouth SWA FGD, BellSouth SWA TSBSA 2 or BellSouth SWA TSBSA 3 trunks desired, if any, to carry originating traffic from the BellSouth Operator Services System location to the IC location in each LATA served by the Operator Services System where the IC requests BellSouth Operator Transfer Service.
14. For BellSouth Inward Operator Service (IOS) Access Service, the IC shall specify the number of new or additional BellSouth SWA FGD or BellSouth SWA TSBSA 3 service trunks desired, if any, to carry traffic from the IC's premises to the IOS location, as specified in E18 *of this Tariff*.
15. For BellSouth SWA FGD and BellSouth SWA TSBSA 3 with BellSouth SWA CCSAC in addition to the information listed in 3. preceding, the IC shall provide: a reference to existing signaling connections or reference to a related CCS7 Signaling Connection order; BellSouth SWA CCSAC Local Switching options, if any; for BellSouth SWA CCSAC trunks, STP point codes and location identifier codes, circuit identification codes and switch type; and, for CCS7 Signaling Connections, specification of the level of diversity in its network, as defined in the BellSouth Guidelines to Technical Publication TR-TSV-000905.
16. For BellSouth SWA FGD or BellSouth SWA TSBSA 3 with 64 Clear Channel Capability (CCC), in addition to the information listed in 3. and 4. preceding, the IC shall specify 64 CCC Local Switching Options, if any, with Superframe or Extended Superframe, as specified in Section 6.1.3 (A) of Tariff FCC No. 1 and Section E7.2.9 of this intrastate Tariff. (C)
17. The Service Installation Guarantee, as set forth in E2.4.10 *of this Tariff*, is applicable to specified services offered in this Tariff. The Service Installation Guarantee is applied on a per service order basis for BellSouth SWA services. The Service Installation Guarantee is applied on a per circuit basis for Special Access (a.k.a. BellSouth SPA) services. (C)
18. For BellSouth Billing Name and Address for ANI service, in addition to the ordering conditions set forth in E5.1.2 preceding, the IC shall also provide the following:
 - a. The IC's Carrier Identification Code (CIC) or pseudo CIC code and Access Carrier Name Abbreviation (ACNA). In the event the IC does not have such an assignment the IC must contact the Company for this assignment.
 - b. A list of Carrier Identification Codes (CICs) or pseudo CIC codes and Access Carrier Name Abbreviation (ACNA) for whom billing services are being performed.
 - c. The established Company Carrier Access Billing System (CABS) Account (CO7) number and if no account exists the Company will establish a CO7 account for billing purposes.
19. When ordering BellSouth[®] Remote Access Service, in addition to subscribing to the service by meeting the conditions set forth in E5.1.2 and E5.2.1.B.1 preceding, the customer shall:
 - a. coordinate their access service request through a customer account team;
 - b. populate the project field on the access service request with "BST-RAS"; and
 - c. negotiate service intervals for BellSouth[®] Remote Access Service.

- C. When a customer cancels an order service for BellSouth Dedicated Ring, SMARTRing service (a.k.a. BellSouth Dedicated Ring) or BellSouth Wavelength service prior to the beginning of the selected service period, the customer will be liable for all capital expenses incurred by the Telephone Company in provisioning the BellSouth Dedicated Ring, SMARTRing service (a.k.a. BellSouth Dedicated Ring) or BellSouth Wavelength service, as of the date the order is canceled by the customer. The charges billed to the customer will not exceed an amount equal to the minimum period for the service as set forth in Section 6.7.2 of Tariff FCC No. 1 and Sections E5.2.6, E7.4 and E29.1.2 of this intrastate Tariff at the month-to-month rates set forth in Section 6.8 of Tariff FCC No. 1 and Sections E7.5 and E29.1.6 of this intrastate Tariff. Such charges will be billed in addition to and subsequent to the cancellation charges set forth in B. preceding. (C)
- D. If the Company misses a service date by more than thirty days due to circumstances over which it has direct control (excluding, e.g., acts of God, governmental requirements, work stoppages and civil commotions), the IC may cancel the Access Order without incurring cancellation charges. (C)
- E. When an IC cancels an order for the discontinuance of service, no charges apply for the cancellation.

E5. ORDERING OPTIONS FOR BellSouth SWA AND SPECIAL ACCESS (a.k.a. BellSouth SPA) SERVICE

E5.2 Access Order (Cont'd)

E5.2.5 Minimum Period (Cont'd)

- B. The minimum period for BellSouth SWA FGD and BellSouth SWA TSBSA 3 is three months.
- C. The minimum period for part time Program Audio Special Access (a.k.a. BellSouth SPA Program Audio) service is one day even though the service will be provided only for the duration of the event specified on the order (e.g. one-half hour, two hours, five hours, etc.).
- D. The minimum service period for BellSouth Wavelength service, BellSouth Dedicated Ring, **BellSouth Metro Ethernet service** and SMARTRing service (a.k.a. BellSouth Dedicated Ring) is 4 months.
- E. The minimum period for BellSouth Remote Access Service is twelve months.
- F. Service Rearrangements¹ and Transfer of Service as set forth in Section 6.7.1 of Tariff FCC No. 1 and Sections E7.4.1 and E29.1.4 of this intrastate Tariff for BellSouth SWA, Special Access (a.k.a. BellSouth SPA) and BellSouth Wavelength services respectively may be made without a change in minimum period requirements. (C)
- G. Changes other than those identified in Section 6.7.1 of Tariff FCC No. 1 or Sections E7.4.1¹ or E29.1.4 of this intrastate Tariff will be treated as a discontinuance of the existing service and an installation of a new service. All associated nonrecurring charges will apply for the new service. A new minimum period will be established for the new service. The IC will also remain responsible for all outstanding minimum period obligations associated with the disconnected service. (C)

The changes listed below are those which will be treated as a discontinuance and installation of service and for which a new minimum period will be established.

- 1. A move to a different building as set forth in Section 6.7.7 of Tariff FCC No. 1 or Sections E7.4.5 or E29.1.4 of this intrastate Tariff. (C)
- 2. A change in type of service (i.e., BellSouth SWA to Special Access (a.k.a. BellSouth SPA), one type of Special Access (a.k.a. BellSouth SPA) to another, or one type of BellSouth SWA service to another or one type of BellSouth SWA Basic Serving Arrangement/BellSouth SWA Basic Serving Arrangement Technical Option to another except as set forth in Section 6.7.6 of Tariff FCC No. 1). (C)
- 3. A change in the type of Special Access (a.k.a. BellSouth SPA) service Special Access (a.k.a. BellSouth SPA) Line or Access Connection or Optical Transport Access Service Wavelength Channel.
- 4. A change in interface for BellSouth SWA or a change in Switched Local Channel.
- 5. Change in BellSouth SWA service traffic type.
- 6. Change from two-point to multipoint Special Access (a.k.a. BellSouth SPA) service or from multipoint to two-point Special Access (a.k.a. BellSouth SPA) service.
- H. The minimum service periods for BellSouth Custom Network Service and applicable rates and charges are provided in E7.7 of **this Tariff** for each arrangement. Regulations and applicable charges for disconnects and moves of service prior to the expiration of the minimum period are also specified in E7.7 of this Tariff.

E5.2.6 Minimum Period Charges

- A. When Access Service is discontinued prior to the expiration of the minimum period, charges are applicable for the balance of the minimum period. A disconnect constitutes facilities being returned to available inventory.
The Minimum Period Monthly Charge, for monthly billed services will be determined as follows:
 - 1. For BellSouth SWA service, usage sensitive rate elements (i.e. Carrier Common Line, Local Switching, Access Tandem Switching, BellSouth SWA Common Transport, and Interconnection) the charge for a month or fraction thereof is equal to the applicable rates for the actual or assumed usage for the month or such fraction thereof.
 - 2. For Special Access (a.k.a. BellSouth SPA) service, the charge for a month and fraction thereof is the applicable monthly rate for the service as set forth in E7.5 of **this Tariff**.
 - 3. For BellSouth SWA Transport components which are not usage sensitive (i.e. Switched Local Channel and BellSouth SWA Dedicated Interoffice Channel and Channelization Equipment), the charge for a month or fraction thereof is the applicable monthly rate for the service as set forth in Section 6.8 of Tariff FCC No. 1. (C)
- B. All applicable nonrecurring charges for the service will be billed in addition to the Minimum Period Charge.

Note 1: Specific regulations for BellSouth Metro Ethernet service minimum period, service rearrangements (reconfigurations) and changes are provided in E7.4.32 of this Tariff.

E5. ORDERING OPTIONS FOR BellSouth SWA AND SPECIAL ACCESS (a.k.a. BellSouth SPA) SERVICE

E5.3 Available Inventory

Available inventory is limited and does not include facilities previously ordered. The Company will make every reasonable effort to maintain sufficient available inventory to provide Access Service in accordance with IC's requested service date intervals. To the extent that service can be provided, Access Orders will be satisfied from available inventory.

E5.4 Shared Network Arrangement

E5.4.1 General

- A. Shared Network Arrangement (SNA) is a service offering whereby multiple interexchange carriers (ICs) may share capacity on high capacity channelized services. SNA service configurations will be limited to ICs utilizing DS3 Service sharing capacity with other ICs utilizing sub-DS3 Services and/or ICs utilizing DS1 Service sharing capacity with other ICs utilizing sub-DS1 Services. Each rate element, associated with the SNA, will be billed to a single subscriber and the Company will maintain separate records (including billing and network configuration) for each ICs' portion of the SNA.
- B. The DS3 and DS1 Service ICs who are sharing capacity on their services with others are considered to be the host subscribers under these arrangements. The host subscriber is considered the IC for the higher level service and is solely responsible for payment of the rate elements for such level of service, from the subscribers terminal location through channelization. Each service user of the lower level service is responsible for payment of the charges associated with lower level service. Under the SNA, the Company may share with the host subscriber record information pertaining to the services of other users of the shared network. Such disclosure will be under the sole discretion of the Company as is necessary to perform billing reconciliations and/or other functions required in connection with maintaining account records.
- C. Each subscriber entering into the SNA is solely responsible to the Company for charges associated with that subscriber's portion of the shared network.
 1. For example, for **BellSouth SWA** Dedicated Transport Shared Network Arrangements, the host IC would be responsible for a **BellSouth SWA** DS3 Local Channel and the **BellSouth SWA** DS3 to **BellSouth SWA** DS1 Channelization Equipment. The service user will be responsible for payment of the **BellSouth SWA** Dedicated Interoffice Channel charges as well as any end office based **BellSouth SWA** charges associated with the service.
- D. Disconnection of the service by the host subscriber does not relieve another user of the shared network of any obligation to pay access charges associated with the portion of the shared network to which that user subscribes. Billing for services and facilities will continue until a disconnect request from the service user has been received by the Company. The host subscriber is solely responsible for notifying the connecting service user in the event of disconnection of the host's service which affects that portion of the shared network service to which the user has subscribed.
- E. SNAs can be utilized on any of the following rate elements which comprise a service arrangement within a shared network:
 - Switched Local Channels
 - BellSouth SWA** Channelization Elements
 - BellSouth SWA** Dedicated Interoffice Channels
- F. A one-time coordination charge will be assessed with the establishment of a Shared Network Arrangement. The host subscriber and the service user may, by mutual agreement, designate which party will be responsible for payment of the coordination charge. In the event no such agreement is reached, the charge will be applied to the host subscriber's account and the host subscriber will be responsible for payment of said charge.
- G. Shared Network Arrangement coordination charges for **BellSouth SWA** services are shown in Section 6.8.7 of Tariff FCC No. (C)
 1. Additionally, a separate nonrecurring charge will apply to process each service order on a shared network account. (C)

E5.5 Reserved for Future Use

E5.6 Reserved for Future Use

E6. BELLSOUTH SWA SERVICE

This section concurs in BellSouth Telecommunications, LLC's (BST's) Tariff FCC No. 1, Section 6, which can be accessed via the following hypertext link:

<http://cpr.att.com/pdf/fcc/1006.pdf>

Exceptions to this concurrence of BellSouth Telecommunications, LLC's (BST's) Tariff FCC No. 1, Section 6, are as listed below. The following cited exceptions relate to that specific section in the interstate Tariff FCC No. 1.

E6.1 General

E6.1.1 BellSouth SWA Service Arrangements and Manner of Provision

E6.1.1 (A) BellSouth SWA FGA

The following applies to the intrastate jurisdiction instead of Tariff FCC No 1.

BellSouth SWA FGA provides line side access to Company end office switches with an associated seven digit local telephone number for use in originating communications from or terminating communications to an IC's intrastate service or a Company provided, end office based, intrastate private network switching service. If an IC certifies that it is providing an intrastate, interLATA private network switching function for the end user at its terminal location, the end user may order BellSouth SWA FGA for off network access. Otherwise, the IC may order such access. An end user is restricted to ordering BellSouth SWA FGA for off network access associated with private network switches. Additionally, BellSouth SWA FGA FX/ONAL type service will be billed directly to the end user (subscriber) of these services. ICs are not restricted and in addition to the off network access capability, ICs can order BellSouth SWA FGA in connection with providing interLATA foreign exchange service and MTS like service. When associated with a Company provided, end office based private network switch, end users must order BellSouth SWA FGA for off network access. When BellSouth SWA FGA service is ordered by an end user for use with a Company provided private network switch, the end user must specify the IC that provides the interLATA links of the private network service. A more detailed description of BellSouth SWA FGA is provided in 6.2.1 of Tariff FCC No 1.

E6.1.1 (J) BellSouth Local Number Portability Database Services do not apply to the intrastate jurisdiction.

E6.1.3 Rate Categories

E6.1.3 (A) BellSouth SWA Transport

E6.1.3 (A) (1) Switched Local Channel

In addition to the language in Tariff FCC No. 1, the following also applies to the intrastate jurisdiction. Switched Local Channel can provide a transmission path between an interstate Switched Expanded Interconnection Arrangement and a Telephone Company end office switch (Intraoffice DS1 or DS3) when a Switched Expanded Interconnection Arrangement is purchased from Tariff FCC No 1. This Switched Local Channel is provided at DS1 and/or DS3 capacity and is assessed a monthly fixed charge based on the capacity ordered by the Interconnecting IC.

E6.1.3 (A) BellSouth SWA Transport

E6.1.3 (A) (6) Interface Group Arrangements

E6.1.3 (A) (6) (c) Interface Group 3 is not applicable to the intrastate jurisdiction.

E6.1.3 (A) (6) (i) CCS7 Signaling Connection Premises Interface Codes

ATM circuit emulation connecting to FGD trunks is not applicable to the intrastate jurisdiction.

E6.1.3 (A) (7) Optional Features

E6.1.3 (A) (7) (k) SWA BellSouth Customer Network Management Service Optional Feature is not applicable to the intrastate jurisdiction.

E6.1.3 (A) (10) BellSouth Dedicated Ring

E6.1.3 (A) (10) (j) Surveillance (per Node, per BellSouth Dedicated Ring) is not applicable to the intrastate jurisdiction.

E6.1.3 (F) BellSouth Local Number Portability Database Services do not apply to the intrastate jurisdiction.

E6.1.9 BellSouth Cross Connect Service

Intra-Office Collocation Cross Connect Service is not applicable to the intrastate jurisdiction.

E6. BELLSOUTH SWA SERVICE

E6.2 Provision and Description of Switched Access Service Arrangements

E6.2 Provision and Description of BellSouth SWA Service Arrangements

E6.2.1 BellSouth SWA FGA

E6.2.1 (A) Description

E6.2.1 (A) (1) In addition to the language in Tariff FCC No. 1, the following also applies to the intrastate jurisdiction. BellSouth SWA FGA is arranged for use by the IC in the provision of its FX/ONAL service or MTS/WATS type service.

E6.2.1 (A) (7) In lieu of the language in Tariff FCC No. 1, the following applies to the intrastate jurisdiction.

BellSouth SWA FGA FX/ONAL switching, when used in the terminating direction, may be used to access valid NXXs in the local calling area of the dial tone office, BellSouth SWA FGA switching in providing MTS/WATS like service, when used in the terminating direction, may be used to access valid NXXs in the LATA, local operator service (O and O+) Directory Assistance (411 where available and 555 1212), emergency reporting service (911 where available), exchange telephone repair (611 where available), time or weather announcement services of the Company, community information services of an information service provider, and other IC's services (by dialing the appropriate digits). Charges for BellSouth SWA FGA terminating calls requiring operator assistance on calls to 611 or 911 will only apply where sufficient call details are available. Additional non access charges will also be billed on a separate account for (1) an operator surcharge, as set forth in the local exchange tariffs, for local operator assistance (0 and 0+) calls; (2) calls to certain community information services, for which rates are applicable under the Company's General Subscriber Service Tariff; and (3) calls from a BellSouth SWA FGA line to another IC's service in accordance with that IC's applicable service rates when the Company performs the billing for that IC. For calls to Directory Assistance (411 where available and 555 1212), BellSouth SWA Usage rates for BellSouth SWA FGA service will not apply. Instead, the charges in the Company's General Subscriber Service Tariff for Directory Assistance will apply.

E6.2.1 BellSouth SWA FGA

E6.2.1 (B) Optional Features

E6.2.1 (B) (1) Common Switching Optional Features

E6.2.1 (B) (1) (f) Enhanced Call Denial does not apply to the intrastate jurisdiction.

E6.2.1 (B) Optional Features

E6.2.1 (B) (2) Common Switching Optional Features for use with WATS Access Lines (a.k.a. BellSouth SPA WATS Lines) does not apply to the intrastate jurisdiction.

E6.2.2 BellSouth SWA FGB

E6.2.2 (B) Optional Features

E6.2.2 (B) (2) Common Switching Optional Features for use with WATS Access Lines (a.k.a. BellSouth SPA WATS Line) do not apply to the intrastate jurisdiction.

E6.2.11 BellSouth Local Number Portability Database Services do not apply to the intrastate jurisdiction.

E6.2.15 BellSouth Wavelength SWA Dedicated Ring Service Components are not applicable to the intrastate jurisdiction.

E6.2.17 BellSouth Wavelength SWA Channel Service Components are not applicable to the intrastate jurisdiction.

E6.3 Local Switching Optional Features

E6.3.1 Common Switching (BellSouth SWA FG Customers Only)

E6.3.1 (A) (4) Automatic Number Identification (ANI)/Charge Number Flex ANI is not applicable to the intrastate jurisdiction.

E6.3.2 Common Switching (BellSouth SWA FG and BellSouth SWA Basic Serving Arrangement Customers)

E6.3.2 (A) (3) Enhanced Call Denial does not apply to the intrastate jurisdiction.

E6.3.2 (A) (13) International Carrier Option does not apply to the intrastate jurisdiction.

E6.3.2 (A) (20) Carrier Identification Parameter (CIP) does not apply to the intrastate jurisdiction.

E6.3.3 Basic Service Elements (BellSouth SWA Basic Serving Arrangement Customers Only)

E6.3.3 (A) Inter-Switch Simplified Message Desk Interface (ISMDI) does not apply to the intrastate jurisdiction.

E6.3.3 (A) (5) Inter-Switch Simplified Message Desk Interface (ISMDI) does not apply to the intrastate jurisdiction.

E6.7 Rate Regulations

Area Commitment Plan (ACP) is not applicable to the intrastate jurisdiction.

E6.7.1 Description and Application of Rates and Charges

E6.7.1 (B) Usage Rates

E6.7.1 (B) (4) BellSouth Local Number Portability Database Services do not apply to the intrastate jurisdiction.

E6.7.1(C) Nonrecurring Charges

E6.7.1(C) Nonrecurring Charges

E6.7.1(C) (2) Installation of Optional Features

In addition to the language in Tariff FCC No. 1, the following also applies to the intrastate jurisdiction. For optional features and BSEs for which no separate installation charge is applicable, the optional feature may be installed coincident with the installation of new BellSouth SWA service at no additional charge to the IC. Any additions and/or changes in optional features and BSEs (excluding disconnection of optional features and BSEs) subsequent to the installation of new service will be provided as service rearrangements.

E6.7.1(C) (3) Service Rearrangements

E6.7.1(C) (3) (b) (x) is not applicable to the intrastate jurisdiction.

E6.7.1(C) (3) (b) (xi) Flex ANI is not applicable to the intrastate jurisdiction.

E6. BELLSOUTH SWA SERVICE

E6.7 Rate Regulations (Cont'd)

E6.7.1(C)(7) When the IC orders BellSouth SWA service associated with the resale of Private Line Service which is provided with the use of Special Access (a.k.a. BellSouth SPA) service, the regulations set forth in sections 3 and 7.4.2 of this intrastate tariff.

E6.7.1 (D) Application of Rates

Transitional rates are not applicable to the intrastate jurisdiction.

E6.7.8 Measuring Access Minutes

In lieu of the language in Tariff FCC No. 1, the following applies to the intrastate jurisdiction.

A. *BellSouth SWA FGA* Usage Measurement

Assumed minutes are used for *BellSouth SWA FGA* FX/ONAL, *BellSouth SWA FGA* and *BellSouth SWA FGB* services which originate or terminate in end offices not equipped with measurement capabilities.

The assumed average intrastate access minutes for FX/ONAL *BellSouth SWA FGA* are as set forth following unless the IC is reselling the FX/ONAL *BellSouth SWA FGA* to form a *BellSouth SWA MTS/BellSouth SWA WATS* equivalent service. When the FX/ONAL *BellSouth SWA FGA* is being resold, the assumed average intrastate minutes are 9000 access minutes.

When a FX/ONAL *BellSouth SWA FGA* not used for resale is provided where neither the originating access minutes nor the terminating access minutes are measured, the assumed average intrastate access minutes are 1540 minutes. When originating only *BellSouth SWA* service is provided where the originating access minutes are not measured, the originating assumed average intrastate access minutes will apply. When terminating only *BellSouth SWA* service is provided where the terminating access minutes are not measured, the terminating assumed average intrastate access minutes are 1540 minutes and no originating access minutes will apply.

When a two-way FX/ONAL *BellSouth SWA FGA* not used for resale is provided where the terminating access minutes are measured but the originating access minutes are not measured, the assumed average originating access minutes are 815 originating minutes of use for each such FX/ONAL *BellSouth SWA FGA* provided.

When a two-way FX/ONAL *BellSouth SWA FGA* not used for resale is provided where the originating access minutes are measured but the terminating access minutes are not measured, the assumed average terminating access minutes are 725 terminating minutes of use for each such FX/ONAL *BellSouth SWA FGA* provided.

The assumed average intrastate access minutes for *BellSouth SWA MTS/BellSouth SWA WATS*-type *BellSouth SWA FGA* and *BellSouth SWA FGB* are 9000 access minutes.

Note 1: Except where indicated herein, references to feature groups will also include the applicable Basic Serving Arrangement (*BellSouth SWA Basic Serving Arrangement*) as detailed in the matrix of E6.1.3.A. (e.g., the term *BellSouth SWA FGA* represents both *BellSouth SWA FGA* and Line Side Basic Service Arrangement (*BellSouth SWA LSBSA*)).

E6.7.11 Message Unit Credit - Per Originating Feature Group A Access Minute \$ 0.0010

E6.7.23 BellSouth Wavelength SWA Channel Service Components are not applicable to the intrastate jurisdiction.

E6.8 Rates and Charges

Transitional rates are not applicable to the intrastate jurisdiction.

E6.8.1 (A) BellSouth SWA Local Channel – Plan A and Plan B rates are not applicable to the intrastate jurisdiction.

E6.8.1(A)(e)	End Office Based Private Network	<u>USOC</u>	<u>NRC 1st</u>	<u>NRC Addtl</u>	<u>MRC</u>
	Per Local Channel	TEFHK	\$ 17.93	\$ 17.93	\$4.84

E6.8.1.1 Vintage Rates

E6.8.1.1 (A) General Regulations

Term Pricing plan vintage rates are those rates that apply to existing services provided under a term pricing plan in the event that the Telephone Company initiates a rate increase. Vintage rates, as set forth following, are classified as vintage because the Telephone Company ensures that rates provided under the term pricing plan will not be increased by the Telephone Company above the term pricing plan rate in effect at the beginning of the Customers term pricing plan rate in effect at the beginning of the Customers term pricing plan term.
