#### E13.3.3 BellSouth Equal Access Subscription (Cont'd)

##### D. BellSouth Equal Access Subscription Charge Application

1. New end users or location providers or its authorized agent or pay telephone, who will be served by end offices equipped with equal access, will be asked to select a preferred IC for intraLATA at the time they place an order with the Company for Telephone Exchange Service. A confirmation notice will be sent to the end user or location provider or its authorized agent of pay telephone identifying the IC selected. The nonrecurring charge for all other changes is as set forth in K. following.

No Subscription charge will apply to new end users or new location providers or its authorized agent of pay telephone who return telemarketing confirmations of choice identifying an IC different from that given verbally to the Company, providing the confirmation of choice is returned within 30 days from the date the confirmation notice is mailed to the end user or location provider or its authorized agent.

A subscription charge will apply for each intraLATA PIC change submitted, except as provided in 1. preceding. The applicable subscription charge for each interLATA PIC change submitted is as set forth in the BellSouth Telecommunications, Inc. Tariff FCC No. 1, Section 13.3.3. If intraLATA and interLATA PIC changes are submitted simultaneously for the same carrier, the intraLATA PIC rate will be as set forth in G.2. following.

2. If an IC elects to discontinue BellSouth SWA FGD or BellSouth SWA TSBSA 3 service in an equal access end office, within two years after the introduction of BellSouth SWA FGD or BellSouth SWA TSBSA 3 in the end office, the IC is obligated to contact, in writing, all end users or location providers or their authorized agents of pay telephones, who have selected, the canceling IC as their primary IC. The IC must inform the end user or pay telephone location provider or its authorized agent that they are canceling their BellSouth SWA FGD or BellSouth SWA TSBSA 3 service; request that the end user or location provider or its authorized agent select a new IC; and state that the canceling IC will pay the change charge as provided in K., following.

For a period of two years from the date of BellSouth SWA FGD or BellSouth SWA TSBSA 3 discontinuance, the IC discontinuing service will be responsible for paying the change charge for any of its designated end users or pay telephone location providers or their authorized agents.

3. IC Pays Billing Option

The IC Pays Billing Option is an option that permits an IC to be charged by The Telephone Company for their end user's intraLATA PIC change charge when the Telephone Company changes an end user's primary IC assignment.

The intraLATA PIC change may either be requested via an IC-provided end user or agent list submitted in the Customer Account Record Exchange (CARE) format (IC Pays – Carrier Initiated) or by the end user directly to the Telephone Company (IC Pays – Customer Initiated).

ICs that subscribe to "IC Pays – Carrier Initiated" have the option to redirect billing of the intraLATA PIC change charge on a case by case basis.

For ICs that subscribe to "IC Pays – Customer Initiated", all end user intraLATA PIC changes to the IC's CIC (and at the IC's option, changes from the IC's CIC to "No intraLATA PIC" initiated through the Telephone Company will be redirected to the IC.

The IC submitting the intraLATA PIC change must sign an IC Pays Billing Option agreement with the Telephone Company for either of the IC Pays Billing Options to apply.

When these conditions have been met, the end user will not be assessed the IntraLATA Subscription change charge for the intraLATA PIC change.

The IC participating in the IC Pays Billing Option will pay the applicable charge for a change in IntraLATA Subscription as set forth in the following Section 13.3.3.G.
