Re: Advice Letter No. 122  
SBC Long Distance, LLC  
d/b/a SBC Long Distance  
d/b/a AT&T Long Distance

Dear Ms. Terreni:

Enclosed for filing are the original and two (2) copies of South Carolina Tariff No 9 of SBC Long Distance, LLC, d/b/a SBC Long Distance, d/b/a AT&T Long Distance. The revision has an issue date of May 16, 2008. SBC Long Distance, LLC requests an effective date of June 1, 2008. The purpose of this filing is to increase certain rates for consumer calling plans, restrict the availability of a business calling plan, add a new business calling plan and correct check sheet number. Customer notices are attached.

So that our records will be complete, I would appreciate it if you would please date-stamp the extra copy of this filing and mail it in the envelope provided. If there are any questions regarding this filing, please contact me, Joann Rice, AT&T Long Distance, 5130 Hacienda Dr., 3<sup>rd</sup> Floor, South, Dublin, CA 94568. I can be reached via telephone at (925) 803-6214 or via email at jr2136@att.com.

Thank you for your assistance in this matter.

Sincerely,

Joann Rice  
Area Manager, Regulatory

Dear Valued AT&T Customer,

Thank you for using AT&T for your communication needs. We value your business and want to ensure you are kept aware of changes that affect your service.

Our records indicate that you currently subscribe to an AT&T Business Long Distance Aggregation Preferred Plan. This letter is to inform you that, effective June 1, 2008, AT&T will no longer be offering this calling plan to new customers.

As a current subscriber, you may continue to keep this calling plan until it is discontinued or until you move or change service. At that time, you will be asked to select another plan.

If you have any questions or for additional information about AT&T calling plans, please call your Account Manager or an AT&T Service Representative at the toll-free number on your bill. Thank you for using AT&T.

Sincerely,

AT&T Business Services

SECTION 3 - DESCRIPTION OF SWITCHED SERVICES

3.10 Miscellaneous

3.10.1 Account Codes

- (A) Account codes are an optional feature associated with outbound long distance Service that provides the Customer the ability to track usage by requiring the caller enter a string of digits ("digit string"). Account codes enable the Customer to obtain call detail from the Company which is sorted and summarized based on digits entered by the caller. The call detail is provided to the Customer without charge.
- (B) Account codes are available to Business Customers that (1) subscribe to one of the Company's outbound long distance service offerings described in Section 3.7 of this Tariff for the provision of interstate, intrastate InterLATA, and intrastate IntraLATA Service; (2) request the optional feature; and (3) are billed via a Company direct bill or a shared LEC or CLEC bill. Account codes are not available with VPN, TFS or calling card Service. To subscribe to Account Codes for intrastate calling, the Customer must also subscribe to one of the Company's outbound Service offerings for the provision of interstate calling.
- (C) The length of the string digits available to a Customer is limited and the number of digits is based on whether the call originates at an On-Net or Off-Net location. The Company controls the length of the string digits. The caller will be allowed three (3) attempts to enter a valid account code before the call is terminated.
- (D) The account codes are available on a mandatory and non-mandatory basis. If the Customer subscribes to the mandatory feature, the caller must enter account codes for the call to complete. If the Customer subscribes to the non-mandatory feature, the caller may bypass entering the code by pressing the pound key (#) on the keypad.
- (E) The account codes are available on a validated and non-validated basis. If the Customer subscribes to the validated feature, the caller must enter specific account codes in order to complete the call. If the Customer subscribes to the non-validated feature, the caller may enter any digits as an account code as long as the string is the designated number of digits in length.
