SECTION 3 - INTERLATA SERVICE AND RATE DESCRIPTION

3.1 Intrastate Long Distance Service

(T)

3.1.1 Description

Intrastate Long Distance Service is available to Customers who subscribe to the Company's local exchange service at a minimum of one location. The Intrastate Long Distance Service Customer may select the Company for both intraLATA and interLATA calling, or for interLATA-only calling.

A qualified Customer may also subscribe to Intrastate Long Distance Service at other service locations not served by the Company's local exchange service through either the local exchange service provided by another local exchange company ("Switchless") or through a dedicated long distance facility. If the Customer discontinues their Company-provided local exchange services such that the only remaining service is the Switchless location or dedicated long distance facility, the Company reserves the right to discontinue the Switchless and/or dedicated long distance facility service after thirty (30) days advance notice to the Customer.

The Intrastate Long Distance Service Customer may select a usage tier based on estimated usage for locations served by the Company. If the Customer fails to meet the usage requirements for the estimated usage tier, the Company will reassign the Customer to an appropriate tier.

Optional Toll Free Service is offered to Customers at both Company-provided and Switchless locations.

3.1.5 Calling Card Service

A. Description

Calling Card Service is provided to Customers for use when away from their established locations. The Company will issue to Customers Company Calling Cards which will allow Customers to place telephone calls and to re-originate calls, a feature which allows a Customer to place a new call without hanging-up and re-dialing the 8XX access number. Access to the service is gained by dialing a Company-designated toll free access number (i.e., 8XX-NXX-XXXX) and then entering a Company-provided personal identification number (PIN) and the called telephone number, including the area code.

The Company, by written notice to the Customer, may discontinue service to a Company Calling Card PIN if that PIN has not been used for a period of 120 days.

B. Call Timing

Calling Card Service is usage sensitive and billed in six (6) second increments. The duration of each call will be rounded off to the nearest higher increment for billing purposes. Additional fractional cents will be rounded off to the nearest higher cent. Unless otherwise specified in this Tariff, the duration of each call for bill purposes will be rounded off to the nearest higher increment.

C. Terms of Service

The rates for Calling Card service are based on established one (1) year, two (2) year, or three (3) year term contracts for the Company's business Customers. The Company will provide customer notification of the expiration of the contract at least thirty (30) days prior to the expiration of the contract. Upon expiration of a term contract, the service term will automatically renew at the same terms and conditions for successive one (1) year terms unless either party notifies the other thirty (30) days prior to the expiration of the then current term that it wishes to terminate the service.

(M)(N)

3.2.1 Description

BOBs Long Distance Rate Plans are offered to new and renewing Customers of the Company's bundled packages of business line, trunk and ISDN services that include an initial toll usage allowance.
