U2. GENERAL REGULATIONS

U2.3 ESTABLISHMENT AND FURNISHING OF SERVICE (Cont'd)

U2.3.4 APPLICATION OF RATES AND CHARGES FOR BUSINESS AND RESIDENCE SERVICE

- a. The determination of whether customer service is furnished at Business or Residence rates is based on consideration of the directory listing used for the service and the location of the service.
- b. Service is classified and charged at Business rates where the directory listing indicates business use or where it is determined that the location is used primarily as a business, professional, trade or occupational location.
- c. Service is classified and charged at Residence rates where the directory listing does not indicate business use and where the telephone service is furnished at a location used primarily as a residence or place of dwelling.
- d. Individuals practicing a profession or operating a business and having no office other than their residence may choose either Business Service or Residence Service depending upon the type of directory listing requested.
- e. Business or Residential Services are not installed on premises of a payphone line character in a location where the service would be accessible for use by the patrons of the customer or by the public in general.
- f. Residence Service may not be a part of a hunting sequence that contains business lines.
- g. No more than five (5) residential lines terminating at a household location are eligible for residence rates.
- h. **Residence rates apply when residential customers subscribe to a Call Forward Feature in lieu of Rotary Trunk Hunting for up to five (5) residential lines, at the same or different residential locations. Business rates, including Rotary Trunk Hunting rates, apply for more than five lines at the same or different residential locations.**
- i. Changes from Business Service to Residence Service are made only in the event of a change in the subscriber's arrangements which would entitle him to a residence classification of his service, as shown in c. or d. preceding.

U6. DIRECTORY LISTINGS

U6.4 NONPUBLISHED TELEPHONE NUMBERS (Cont'd)

Incoming calls to nonpublished telephone numbers will be completed by the Company only when the calling party places the call by number. The Company will adhere to this practice notwithstanding any claim of emergency the calling party may present. The acceptance by the Company of the subscriber's request to furnish a nonpublished telephone number does not create any relationship or obligation, direct or indirect, to any person other than the subscriber. Nonpublished telephone numbers will be established for a minimum chargeable period of twelve (12) months.

In the absence of gross negligence or willful misconduct, no liability for damages arising from publishing a nonpublished telephone number in the directory or disclosing said number to any person shall attach to the Company. The subscriber does not hold the Company liable for any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of a nonpublished telephone number or the disclosing of said number to any person.

Parties with nonpublished numbers forfeit the privacy afforded by the service to the extent that the telephone number is identified through activation of a Call Trace and/or Call Line Identifier procedure whereby the name and address of the subscriber will be provided to the authorized law enforcement agency upon request of the agency.

U6.4.1 RATES AND CHARGES

A monthly rate of **\$2.75** applies for each nonpublished telephone number except when provided for the following services: (S&E Code - ADRNPUB) (1)

- a. Special Reversed Charge Local Toll Service;
- b. Foreign Exchange Service where the subscriber is also furnished local service;
- c. Additional service furnished to the same subscriber who has other service listed in the directory at the same address;
- d. To a subscriber living in a hotel, hospital, retirement complex, apartment house, boarding house or club if the subscriber is listed under the telephone number of the PBX or Advanced Business Connectionsm furnished to such establishments;
or
- e. Service which is installed for a temporary period.

U6.5 NONLIST TELEPHONE NUMBERS

Nonlist telephone numbers are not listed in the Company's alphabetical directory, but are maintained on informational records and will be furnished upon the request of the calling party. The acceptance by the Company of the subscriber's request to furnish a nonlist telephone number does not create any relationship or obligation, direct or indirect, to any person other than the subscriber. Nonlist telephone numbers will be established for a minimum chargeable period of twelve (12) months.

In the absence of gross negligence or willful misconduct, no liability for damages arising from publishing a nonlist telephone number in the directory or disclosing said number to any person shall attach to the Company. The subscriber does not hold the Company liable for any and all claims for damages caused or claimed to have been caused, directly or indirectly, by the publication of nonlist telephone number or the disclosing of said number to any person.

U6.7.7 CUSTOM LISTINGS

- a. Where available, a subscriber may request to have the assigned telephone number listed in the directory using upper case alpha and/or numeric characters in lieu of standard numeric characters. Use of Custom Listings is not exclusive to any single subscriber. The letters "Q" and "Z" are not available, nor may the "#" or "*" symbols be used with this service. The digit "0" or "1" may not be used to represent the letters "0" or "1" respectively in a Custom Listing telephone number. The Company reserves the right to reject a Custom Listing when, in its judgment, such listing is objectionable or would tend to delay or impede the use of the directory.
- b. Prior to establishing a Custom Listing, the Company reserves the right to require when necessary, in its sole judgment, satisfactory evidence from the subscriber that the subscriber is authorized to use any trade name, business name or any other name or term requested by the subscriber, which is copyrighted or otherwise reserved.
- c. A record order charge as found in Section U4 of this tariff is applicable for the provision of Custom Listing service.
- d. Custom Listings are accepted for a minimum chargeable period of the life of the directory issue in which the listing first appears. Listings for subsequent directory issues will be automatically renewed unless the subscriber notifies the Company they wish to discontinue this service. The minimum chargeable period will not apply when the subscriber disconnects service.

U13. MISCELLANEOUS SERVICE ARRANGEMENTS

U13.2 EXTENSION LINE MILEAGE (Cont'd)

U13.2.1 GENERAL (Cont'd)

- g. Extension line mileage exception - Extension line mileage charges do not apply for the extension of circuits used to connect Private Branch Exchange sets when the customer provides suitable conduit between on-premises buildings. Suitable conduit must allow the Company to install and maintain inside type wiring to the desired sets without the need for equipment protection.

The above paragraph applies to new and existing Private Branch Exchange subscribers as of October 9, 1978. Private Branch Exchange subscribers who install such arrangements to reduce their existing mileage charges will be charged the actual (or estimated) non-betterment cost to rewire the affected stations.

- h. Channels connected to a Registered or Grandfathered PBX.
 - (1) For connections to registered PBX (or similar) equipment customers must specify the equipment capability i.e., Type A, B or C port of the Registered equipment.
 - (2) Customers with grandfathered customer-provided PBX (or similar) equipment may, at their option:
 - (a) Continue to provide their own off-premises station signaling capability and utilize only the type 2001 channel, or
 - (b) Request that off-premises station signaling capability be provided by the Company. Where this option is selected, the customer must specify the equipment capability for use with Type A, B or C Signaling Arrangements.
 - (3) Based on information provided by the customer, the Company will furnish the appropriate Signaling Arrangement. Where the requested Signaling Arrangement is furnished and determined to be of a lesser signaling range than required, and the customer requests the Company to furnish another Signaling Arrangement, such request will be treated as a new request for service and appropriate Service Charges will apply.
 - (4) Customers with grandfathered Company-provided PBX (or similar) equipment requesting new channel service will be classified as either a Class A, B or C station port and the corresponding Type A, B or C Signaling Arrangement, at appropriate rates and charges, will apply.
 - (5) One (1) Signaling Arrangement is required only for the connection to the PBX (or similar) station port for service furnished as specified in (1), (2)(b) and (4) preceding.
 - (6) Signaling Arrangements are furnished for grandfathered and registered PBXs (or similar) in accordance with Part 68 of the FCC Rules and Regulations.

TYPE A - Furnished for use with Class A PBX (or similar) station ports capable of operation over loops with resistance in the range of 0-199 ohms.

TYPE B - Furnished for use with Class B PBX (or similar) station ports capable of operation over loops with resistance in the range of 200-899 ohms.

TYPE C - Furnished for use with Class C PBX (or similar) station ports capable of operation over loops with resistance in the range of 900 ohms or more.

U13.3 TIE LINE SERVICE

U13.3.1 GENERAL

- a. Tie lines are circuits connecting PBX Systems and/or ABC Systems to provide standard transmission on a two-point basis as follows:
 - (1) Connection between a set on one (1) system and a set on the other system in which the tie line terminates.
 - (2) Connection of a single tie line (at either end but not at both ends simultaneously) to a central office trunk for through communication between a set connected to the system in which the tie line terminates, and any other set to which the central office access line access via local or long distance (local toll) facilities (this service provided only with certain PBX Systems).
- b. Tie lines are not furnished to connect a Flat Rate System with a Message Rate System.
- c. The monthly charge for Tie Line Service is the sum of the Intraexchange or Interexchange Tie Line Charge plus the PBX or ABC Tie Line Termination Charges outlined below.

U13.3.2 TIE LINE CHARGE

a. Intraexchange

- (1) For Tie Line Connecting Systems located in the same exchange area, a charge of \$1.00 for first one quarter (1/4) mile and **\$1.50** per month for each additional quarter mile or fraction thereof is made. (minimum charge of \$4.00 for each tie line)

<u>S&E Code</u>	
MBAAH	
MBAAP(TIE)	(1)
- (2) Mileage Charges are computed on airline measurements between the systems and separately for each tie line.

b. Interexchange

For rates applicable to tie lines connecting systems in different exchanges see Private Line Mileage Charges in Section U22 of this tariff.

U13.4 SPECIAL BILLING SERVICES

a. Special Billing Numbering Plan

- (1) A special billing numbering plan may be furnished subscribers in order to associate originating operator handled long distance (local toll) calls with specific stations, departments, projects, etc., at rates specified below.

b. Call Forward Features (Cont'd)

(2) Call Forward No Answer (Cont'd)

(b) Call Forward No Answer-Customer Programmable (FCD1FLC PRG) – Provides a customer the capability to control activation/deactivation and the forward-to number of the service by using dialing tones.

(3) Remote Call Forwarding

Provides for forwarding calls to a predetermined number (local or local toll) with the "forward to" number being assigned in the central office. The number is forwarded on a permanent basis. The subscriber does not have invoke/revoke capability. The appropriate individual business line rate or individual residence line rate applies in addition to the feature rate listed in Section U13.9.3 following. The number of calls that may be forwarded is limited by the number of available lines at the destination. Also, the Company may control the number of calls that may be forwarded. (See Note 1, Page 6.1)

(4) Call Forward Busy

This feature permits the automatic forwarding of an incoming call to another telephone number when the called telephone is already in use. Call Forward Busy shall not be used **by business customers** to extend calls on a planned and continuing basis to intentionally avoid the payment of Rotary Line/Hunting Service. **Residence customers may utilize Call Forward Busy in lieu of Rotary Line Service for up to five lines.** Call Forward Busy-Customer Programmable and Call Forward Busy-Customer Controlled are not available to customers with multiple lines at the same premises.

U13.15 INCOMING BILLED NUMBER SCREENING (IBNS)

U13.15.1 GENERAL

- a. Incoming Billed Number Screening (IBNS) is an Operator Service which screens incoming collect or third number billed calls that are placed or billed to the customer. IBNS is limited by the number of long distance (local toll) centers subscribing to the national database.

The caller is advised by the operator that the call cannot be completed as collect or third number and other billing arrangements must be made.

Incoming Billed Number Screening is applied via telephone number. Each telephone number associated with an access line (i.e., Signaling Ring® Plus numbers) requires its own subscription to Incoming Billed Number Screening.

- b. IBNS is available to all Classes-of-Service (except Payphone Line Service) which utilize the Public Switched Network for long distance (local toll) calling, See Section U.7.5 for billed number screening options available with Payphone Line Service.
- c. Operator screening of collect and third number calls cannot be guaranteed because not all long distance (local toll) centers access the data base; therefore, charges for any such calls will be the responsibility of the customer.

U13. MISCELLANEOUS SERVICE ARRANGEMENTS

U13.23 PRIVACY ID

U13.23.1 GENERAL

Privacy ID provides Caller ID subscribers with the ability to identify unavailable, unknown, blocked and private numbers. Privacy ID intercepts all unidentified calls before the subscriber's telephone rings then asks the caller to state their name or company. Once the calling party has responded, the service rings the subscriber and announces the calling party's information. The subscriber has the option to accept the call, reject the call, play an announcement to the calling party or forward the call to voicemail.

U13.23.2 REGULATIONS

1. The Privacy ID subscriber may provide calling parties with a Caller's Access Code. Use of this access code allows the calling party to bypass Privacy ID.
2. Privacy ID is provided subject to availability of facilities.
3. Privacy ID is not offered in conjunction with Integrated Service Digital Network (ISDN), Public Communication Service, Centrex, Centrex Service II and PBX systems.
4. When the Call Trace and Return Call features are activated on calls intercepted by Privacy ID, the telephone number captured is that of the Service Node, which performs Privacy ID, not the telephone number of the calling party.
5. Caller ID with Name is required in order to subscribe to Privacy ID.
6. Service Charges do not apply when Privacy ID is installed.

ABC Exchange Network Access Register (Each)		\$55.00	FCE1NAR	(1)

c. Nonrecurring

Service Connection Charges as found in Section U4. of this tariff apply for service establishment, moves and changes.

d. Credits and Surcharges

A surcharge that is equivalent to the charge for access to an Interexchange Carrier over a Trunk will apply to each Network Access Register. For each ABC line, a credit will be applied which, when combined with the preceding surcharge and with charges applied to ABC lines for access to Interexchange Carriers, will provide a monthly net billing equal to the Interexchange Carrier Access Charge for a Trunk multiplied by the number of subscriber's Network Access Registers.
