**SECTION 3 - DESCRIPTION OF SERVICE (continued)**

(N)

**3.49 Business Reach LD**

Business Reach LD is a business service that is available to customers who subscribe to the Business Reach Local product, as defined in the Company's Local Tariff. Business Reach LD rates are based on flat rates and duration of the call. Calls are billed in six (6) second increments following an initial billing period of eighteen (18) seconds. The rate per minute is not applicable to international, calling card, operator services or directory assistance charges. Business Reach local customers will receive 200 free long distance minutes of outbound and inbound domestic long distance per voice line or voice channel enabled per T-1, per account per month, aggregated across all T-1 active channels. Unused free minutes do not carry over to the next month. Calling card, International, Directory Assistance, and Operator Services minutes do not qualify for free minutes. Customers who have multiple locations with the product cannot share the free minutes across all lines unless all locations are loaded in a single account. Additional minutes used will carry a separate charge per minute as set forth in the Rates Section of this Tariff.

As part of the base package, one toll free number is included. Additional toll free numbers are available and carry an additional charge.

If, at any time, a Business Reach Customer cancels local service with the Company, the Business Reach LD product will not be converted to a stand-alone Long Distance product and therefore must be cancelled as well.

Customers who enter into a term agreement may incur a Disconnect Charge, as described in Section 2, for early termination of an Initial Term or Renewal Term.
