2.5.A.4 The fact that a deposit is made does not relieve the Customer from making advance payments or from complying with the Company's regulations for the payment of bills in accordance with the terms herein and does not constitute a waiver or modification of the regulations of the Company providing for the discontinuance of Service for nonpayment of any sums due the Company for Service rendered.

**2. Rules and Regulations - Intrastate Message Telecommunications Services (Cont'd)**2.7 Special Services2.7.A General

For the purpose of this Tariff, Special Services are deemed to be any Service requested by the Customer and provided by the Company for which there is no prescribed rate in this Tariff. Special Services charges will be developed on an individual case basis (ICB) and may be established by contract between the Company and the Customer. Such contract or ICB rates will be filed with the Commission for its approval if required by applicable rules and regulations.

2.7.B When Applicable

Special Services rates apply in the following circumstances:

2.7.B.1 If at the request of the Customer, the Company obtains facilities not normally used by the Company to provide Service to its Customer;

2.7.B.2 If at the request of the Customer, the Company provides technical assistance not normally required to provide Service;

2.7.B.3 Where special signaling, conditioning, equipment, or other features are required to make Customer Provided Equipment compatible with the Company's Service;

2.7.B.4 When, at the specific request of the Customer, installation by the Company or its agent and/or routine maintenance is performed outside of the regular business hours.

2.7.B.5 If installation and/or routine maintenance is extended beyond normal business hours at the request of the Customer and these circumstances are not the fault of the Company, Special Service charges may apply. Such circumstances include, but are not limited to, stand-by in excess of one hour, weekend, holiday or night time cut-over, and additional installation testing in excess of the normal testing required to provide Service.

## INTRASTATE MESSAGE TELECOMMUNICATIONS SERVICE

**2. Rules and Regulations - Intrastate Message Telecommunications Services (Cont'd)**2.7 Special Services (Cont'd)2.7.C Cancellation

If a Customer orders Service requiring special facilities dedicated to the Customer's use and then cancels its order before the Service begins, before completion of any minimum Service periods associated with such special facilities ordered by the Company or before completion of some other period mutually agreed upon by the Customer and the Company, a charge will be made to the Customer for the nonrecoverable portions of expenditures or liabilities incurred expressly on behalf of the Customer by the Company and not fully reimbursed by installation and monthly charges. If, based on such an order, any construction has either begun or been completed, but no such Service provided, the nonrecoverable cost of such construction shall be borne by the Customer.

2.8 Special Pricing Arrangements

Customized Service packages and competitive pricing arrangements at negotiated rates may be furnished on a case-by-case basis in response to requests by Customers for proposals or for competitive bids. Special Pricing Arrangements offered under this Tariff will be provided to the Customer pursuant to contract. Unless otherwise specified, the regulations for such arrangements are in addition to the applicable regulations and prices in other sections of the Tariff. Specialized rates or charges will be made available to similarly situated Customers on a non-discriminatory basis. Such contracts will be filed with the Commission for approval if required by applicable rule or regulation.

2.9 Special Construction

All rates and charges quoted in this Tariff provide for the furnishing of a Service when suitable facilities are available or where the construction of the necessary facilities does not involve unusual costs. When the revenue to be derived from the Service does not warrant the Company assuming the unusual costs of providing the necessary construction, the Customer may be required to pay all or a portion of such costs and to contract for the service for a sufficient period to warrant the construction, depending upon the circumstances in each case. The Company's charges for such special construction shall follow the same guidelines for establishing charges for Special Services as described in Section 2.8 of this Tariff.

2.10 Inspection, Testing and Adjustment

2.10.A The Company may, upon reasonable notice, make such tests and inspections as may be necessary to investigate the installation, operation or maintenance of the Customer's or the Company's equipment or connecting facilities. The Company may interrupt Service at any time, without penalty or liability to itself, where necessary to prevent improper use of Service, equipment, facilities, or connections.
