

RESIDENTIAL INCOME-QUALIFIED ENERGY EFFICIENCY AND
WEATHERIZATION ASSISTANCE FOR RESIDENTIAL NEIGHBORHOODS (SC)

PURPOSE

The purpose of this program is to assist low-income customers in reducing energy costs through energy education and by installing or providing energy efficiency measures for the customer's residence

AVAILABILITY

This program is available only to individually-metered residential customers in neighborhoods selected by Company, at its sole discretion, which are considered low-income based on third party and census data which includes income level and household size. Areas targeted for participation in this program will typically have 50% or more of the households with income equal to or less than 200% of the poverty level established by the U. S. Government.

PROGRAM

Under this program, participating customers will receive the following:

- An energy assessment to identify energy efficiency opportunities in the customer's home.
- One-on-one education on energy efficiency techniques and measures.
- A comprehensive package of energy conservation measures will be identified from the energy assessment. These measures, which will either be installed or provided to the customer may include but are not limited to the following:
 - Compact Fluorescent Bulbs
 - Electric Water Heater Wrap and Insulation for Water Pipes.
 - Electric Water Heater Temperature Check and Adjustment
 - Low-Flow Faucet Aerators
 - Low-Flow Showerheads Wall Plate Thermometer
 - HVAC Winterization Kits
 - HVAC Filters
 - Change Filter Calendar
 - Air Infiltration Reduction Measures - Weather stripping, door sweeps, caulk, foam sealant, and clear patch tape will be installed to reduce or stop air infiltration around doors, windows, attic hatches, and plumbing penetrations.
