OPTIONAL SERVICES

CONCURRENCE

Norway Telephone Company, Inc. d/b/a TDS Telecom hereby assents to, adopts and concurs in the Optional Services as set forth in Section 9 of the McClellanville Telephone Company, Inc. d/b/a TDS Telecom tariff, on file with the South Carolina Public Service Commission, and makes itself a party thereto and obligates itself to observe the provisions therein with the exceptions listed below:

EXCEPTIONS

A. Custom Calling Services

1. Service Descriptions

a. Long Distance Call Waiting

This service is additive to Call Waiting and uses a special tone signal to indicate to the customer that the incoming call is long distance. The tone is different than the Call Waiting tone signal received for a local call. The long distance caller will receive the usual ringing tone.

b. Personal Ringing allows the customer to have up to four distinct telephone numbers on a single line.

c. Toll Restriction with PIN override

This service enables customers to restrict all or a combination of 0+ and 1+ toll calls from being placed over their exchange lines/trunks. In addition, the customer will have the ability to override the restriction on a per call basis by using a Personal Identification Number (PIN). To activate the override, the customer dials a code, the PIN, waits for a dial tone and then dials the toll number. When a restricted call is attempted without the PIN, from a line/trunk equipped with this service, a dial tone or Company recorded announcement will be heard by the caller.
