The provision of Busy Line interrupt involved a Telephone Company-provided operator interrupting a conversation in progress to ascertain willingness to establish conversation with an alternate party.

Regulation

This Service is provided where facilities exist for line status and busy interrupt through a Telephone Company-provided operator.

No request will be processed on a collect or reversal-of-charge or person-to-person basis. However, in the case of an Emergency Busy Line Interrupt, the caller may bill collect, if necessary.

The rates set forth for Line Status Verification and Busy Line Interrupt are in addition to the rates associated with Local Exchange Services, if the calling party requests the operator to place the call.

The charge for Busy Line Interrupt applies whenever the operator interrupts the conversation even though one or the other parties interrupted refuses to terminate the conversation in progress.

If the line verified is not in use or as the result of interrupt the line is cleared, and at the calling party's request the operator completes the call, the current applicable Operator Assistance Service charges apply as described in Appendix A in addition to the line status Verification or Busy Line Interrupt Charge.

Exemptions

Charges for Line Status Verification and Busy Line Interrupt are not applicable to calls placed from authorized emergency agencies. Police, Fire, Ambulance and 911/911-Like agencies are those agencies that qualify for this exemption.
