SECTION 3 - DESCRIPTION OF SERVICE

3.1 General

The Company provides direct dialed, travel card and operator assisted long distance telecommunications services originating and terminating within the State of South Carolina. Rates for these services may vary by product type, call duration, mileage and time of day. All services are available 24 hours a day, seven days a week.

3.1.1 Minimum Call Completion Rate

A Customer can expect a call completion rate (number of calls completed/number of calls attempted) of not less than 99% during peak use periods for all services.

3.2 Timing of Calls

Long distance charges are based on the actual usage of the Company's network. Chargeable time begins when the called party answers, or when the billed party of a collect or person call accepts the charges. Chargeable time ends when either party disconnects.

Minimum call durations and rounding of usage measurements for billing purposes are specified in Section 4 of this tariff for each service provided by the Company.

Computation of Charges

If the computed charges include a fraction of a cent, the fraction is rounded up to the next whole cent (for example, \$1.523 would round up to \$1.53) on a per call basis.
