2.5.C.1 Sales tax is covered by state statute and other applicable taxes may be covered by state or federal statutes. Such taxes may be included on Customer bills in accordance with any applicable rules of the state or federal regulatory authority.

2.5.C.2 In addition to all recurring, non-recurring, minimum, usage, surcharges or special charges, the Customer identified in this Tariff shall also be responsible for and shall pay all applicable federal, state and local taxes or surcharges, including sales, use, excise, gross earnings, and gross income taxes. All such taxes shall be separately shown and charged on bills rendered by Company or its billing agent. Sales and use taxes shall be applied to all charges and shall also be applied to all applicable gross earnings, gross revenue and gross income taxes.

2.5.D Payment and Late Payment Charge

2.5.D.1 Payment will be due as specified on the Customer bill. Commencing after that due date, a late charge of up to the highest interest rate allowable by law will be applied to all amounts past due.

2.5.D.2 Collection procedures and the requirement for a deposit are unaffected by the application of a late payment charge. The late payment charge does not apply to unpaid balances associated with disputed amounts. Undisputed amounts on the same bill are subject to the late payment charge if unpaid and carried forward to the next bill.

Such charge will be applicable on each occasion when a check is returned or not processed. The returned check charge will be equal to, or less than, the rate allowed by S.C. Code Ann. § 34-11-70 (Supp. 1998).

In the event of nonpayment of any bill rendered or any required deposit, the Company may, after written notice, suspend Service to the Customer.

2.5.G Credit Allowances/Service Interruptions

2.5.G.1 Credit for failure of Service will be allowed only when failure is caused by or occurs in the Company's facilities or equipment owned, provided and billed for by the Company. A credit allowance is not applicable for any period during which Customer cannot utilize the Service, except for such period where the Service is interrupted by the Company for access to its facilities for the purposes of investigating and clearing troubles and/or maintenance.

2.5.G.2 Credit allowances for failure of Service or equipment starts when the Customer notifies the Company of the failure and ceases when the operation has been restored and an attempt has been made to notify the Customer by the Company.

2.5.G.3 The Customer shall notify the Company of failures of Service or equipment and make reasonable attempts to ascertain that the failure is not caused by Customer Provided Equipment or Customer provided facilities, any act, or omission of the Customer, or in wiring or equipment connected to the Customer's terminal.

2.5.H.1 In the event of an interruption of Service that exceeds the minimum requirements set forth in this paragraph, the Company shall make a credit allowance at the Customer's request for a pro rata adjustment of all Service charges billed by the Company for Services rendered inoperative by the interruption. The credit allowance will be computed by dividing the duration of the service interruption measured in twenty-four (24) hour days, from the time the interruption is reported to the Company, by a standard thirty (30) day month, and then multiplying the result by the Company's fixed monthly charges for each interrupted Service.

2.5.H.2 A credit allowance will not be given for interruptions caused by the negligence or willful act of the Customer, or interruptions caused by failure of equipment or service not provided by the Company.

2.6 Termination or Denial of Service by the Company

2.6.A The Company may, immediately and without notice to the Customer, and without liability of any nature, temporarily deny, terminate, or suspend Service to any Customer:

2.6.A.2 In the event a Customer becomes insolvent, is the subject of any formal legal proceeding commenced in a court involving a voluntary or involuntary petition or proceeding in bankruptcy, seeks protection or relief from creditors in a formal legal proceeding after a filing for such relief, or executes an assignment for the benefit of creditors; or

2.6.A.3 In the event that the Company determines that any Service is being used fraudulently or illegally, whether by a Customer or its agent.

INTRASTATE MESSAGE TELECOMMUNICATIONS SERVICE  
AND OPERATOR SERVICES**2. Rules and Regulations - Intrastate Message Telecommunications Services (Cont'd)**2.7 Special Services2.7.A General

For the purpose of this Tariff, Special Services are deemed to be any Service requested by the Customer and provided by the Company for which there is no prescribed rate in this Tariff. Special Services charges will be developed on an individual case basis (ICB) and may be established by contract between the Company and the Customer. Such contract or ICB rates will be filed with the Commission for its approval if required by applicable rules and regulations.

2.7.B When Applicable

Special Services rates apply in the following circumstances:

- 2.7.B.1 If at the request of the Customer, the Company obtains facilities not normally used by the Company to provide Service to its Customer;
- 2.7.B.2 If at the request of the Customer, the Company provides technical assistance not normally required to provide Service;
- 2.7.B.3 Where special signaling, conditioning, equipment, or other features are required to make Customer Provided Equipment compatible with the Company's Service;
- 2.7.B.4 When, at the specific request of the Customer, installation by the Company or its agent and/or routine maintenance is performed outside of the regular business hours.
- 2.7.B.5 If installation and/or routine maintenance is extended beyond normal business hours at the request of the Customer and these circumstances are not the fault of the Company, Special Service charges may apply. Such circumstances include, but are not limited to, stand-by in excess of one hour, weekend, holiday or night time cut-over, and additional installation testing in excess of the normal testing required to provide Service.

INTRASTATE MESSAGE TELECOMMUNICATIONS SERVICE  
AND OPERATOR SERVICES**2. Rules and Regulations - Intrastate Message Telecommunications Services (Cont'd)**2.7 Special Services (Cont'd)2.7.C Cancellation

If a Customer orders Service requiring special facilities dedicated to the Customer's use and then cancels its order before the Service begins, before completion of any minimum Service periods associated with such special facilities ordered by the Company or before completion of some other period mutually agreed upon by the Customer and the Company, a charge will be made to the Customer for the nonrecoverable portions of expenditures or liabilities incurred expressly on behalf of the Customer by the Company and not fully reimbursed by installation and monthly charges. If, based on such an order, any construction has either begun or been completed, but no such Service provided, the nonrecoverable cost of such construction shall be borne by the Customer.

2.8 Special Pricing Arrangements

Customized Service packages and competitive pricing arrangements at negotiated rates may be furnished on a case-by-case basis in response to requests by Customers for proposals or for competitive bids. Special Pricing Arrangements offered under this Tariff will be provided to the Customer pursuant to contract. Unless otherwise specified, the regulations for such arrangements are in addition to the applicable regulations and prices in other sections of the Tariff. Specialized rates or charges will be made available to similarly situated Customers on a non-discriminatory basis. Such contracts will be filed with the Commission for approval if required by applicable rule or regulation.

2.9 Special Construction

All rates and charges quoted in this Tariff provide for the furnishing of a Service when suitable facilities are available or where the construction of the necessary facilities does not involve unusual costs. When the revenue to be derived from the Service does not warrant the Company assuming the unusual costs of providing the necessary construction, the Customer may be required to pay all or a portion of such costs and to contract for the service for a sufficient period to warrant the construction, depending upon the circumstances in each case. The Company's charges for such special construction shall follow the same guidelines for establishing charges for Special Services as described in Section 2.8 of this Tariff.

2.10 Inspection, Testing and Adjustment

2.10.A The Company may, upon reasonable notice, make such tests and inspections as may be necessary to investigate the installation, operation or maintenance of the Customer's or the Company's equipment or connecting facilities. The Company may interrupt Service at any time, without penalty or liability to itself, where necessary to prevent improper use of Service, equipment, facilities, or connections.

**8.1 Collect Calls (T)**

A call for which charges are billed, not to the originating telephone number, but to the destination or termination telephone number.

A call for which charges are billed, not to the originating telephone number, but to a telephone calling card issued either by a local exchange or long distance telephone company for this purpose.

**8.4 Room Charge Calls (T)**

A call placed with the assistance of an operator, for which charges are collected by the Subscriber, normally a hotel or motel, from the guest or occupant of the room from which the call originated. This service is provided only where authorized by the Subscriber.

**8.5 Person-to-Person Calls (T)**

A call which is placed under the stipulation that the caller will speak only to a specific called party. Any of the types of calls described in 8.1 to 8.4, above, may optionally be placed on a person-to-person basis. The caller must arrange with the operator to make a person-to-person call; otherwise, all calls will be treated as station-to-station. (T)
