The Company shall have the right to require the Customer to make a deposit prior to or at any time after provision of any Service, not to exceed two (2) months estimated charges. The Company may increase the amount of the deposit to reflect increases to the Customer's annual bill. The Customer will receive a receipt for the deposit.

2.5.A.2 Any deposit as referred to in this Section shall be held by the Company to secure the payment of the Customer's bill. At the Company's option, the deposit may be refunded or credited to the Customer at any time prior to the termination of Service.

2.5.A.3 Interest will be paid by the Company on all sums held on deposit at the rate established annually by the South Carolina Public Service Commission for customer deposits. The interest will be accrued for the period during which the deposit is held by the Company.

2.5.A.4 The fact that a deposit is made does not relieve the Customer from making advance payments or from complying with the Company's regulations for the payment of bills in accordance with the terms herein and does not constitute a waiver or modification of the regulations of the Company providing for the discontinuance of Service for nonpayment of any sums due the Company for Service rendered.

2.5.A.5 Upon termination of Service, and assuming deposits of the Customer are not applied as indicated in Section 2.5.A.2, the deposit will be credited to the Customer's account and any credit balance will be refunded after all amounts due the Company have been paid.

2.5.C Taxes, Gross Revenue, Gross Income, and Gross Earnings Surcharges

2.5.C.1 Sales tax is covered by state statute and other applicable taxes may be covered by state or federal statutes. Such taxes may be included on Customer bills in accordance with any applicable rules of the state or federal regulatory authority.

2.5.C.2 In addition to all recurring, non-recurring, minimum, usage, surcharges or special charges, the Customer identified in this Tariff shall also be responsible for and shall pay all applicable federal, state and local taxes or surcharges, including sales, use, excise, gross earnings, and gross income taxes. All such taxes shall be separately shown and charged on bills rendered by Company or its billing agent. Sales and use taxes shall be applied to all charges and shall also be applied to all applicable gross earnings, gross revenue and gross income taxes.

2.5.D Payment and Late Payment Charge

2.5.D.2 Collection procedures and the requirement for a deposit are unaffected by the application of a late payment charge. The late payment charge does not apply to unpaid balances associated with disputed amounts. Undisputed amounts on the same bill are subject to the late payment charge if unpaid and carried forward to the next bill.

2.5.D.3 Service may be denied or discontinued at the Company's discretion for nonpayment of amounts due the Company past the due date as specified in 2.5.D.1. Restoration of Service will be subject to all applicable installation charges.

In the event of nonpayment of any bill rendered or any required deposit, the Company may, after written notice, suspend Service to the Customer.

2.5.G Credit Allowances/Service Interruptions

2.5.G.1 Credit for failure of Service will be allowed only when failure is caused by or occurs in the Company's facilities or equipment owned, provided and billed for by the Company. 2.5.H.1 In the event of an interruption of Service that exceeds the minimum requirements set forth in this paragraph, the Company shall make a credit allowance at the Customer's request for a pro rata adjustment of all Service charges billed by the Company for Services rendered inoperative by the interruption. The credit allowance will be computed by dividing the duration of the service interruption measured in twenty-four (24) hour days, from the time the interruption is reported to the Company, by a standard thirty (30) day month, and then multiplying the result by the Company's fixed monthly charges for each interrupted Service.

2.5.H.2 A credit allowance will not be given for interruptions caused by the negligence or willful act of the Customer, or interruptions caused by failure of equipment or service not provided by the Company.

2.6 Termination or Denial of Service by the Company

Such contract or ICB rates will be filed with the Commission for its approval if required by applicable rules and regulations.

2.9 Special Construction

All rates and charges quoted in this Tariff provide for the furnishing of a Service when suitable facilities are available or where the construction of the necessary facilities does not involve unusual costs. When the revenue to be derived from the Service does not warrant the Company assuming the unusual costs of providing the necessary construction, the Customer may be required to pay all or a portion of such costs and to contract for the service for a sufficient period to warrant the construction, depending upon the circumstances in each case. The Company's charges for such special construction shall follow the same guidelines for establishing charges for Special Services as described in Section 2.8 of this Tariff.

7.7 Billing Arrangements (T)

7.7.A Collect, Calling Card and Third Party Calls (T)

Charges for calls of this type will be included on the Billed Party's business telephone bill pursuant to billing and collection agreements established by the Company or its intermediary with the applicable telephone company. The Company will not bill an intrastate telephone call to a billing card number which is issued by another Provider of Operator Services, and permits the identification of the other provider, unless the call is billed at a rate not greater than the other provider's rate for the call, the Consumer requests a special service that is not available under Tariff from the other provider, or the Consumer expressly consents to a rate greater than the other provider's rate.

7.7.B Credit Card Calls (T)

Charges for credit card calls will be included on the Billed Party's regular monthly statement from the card-issuing company.

7.7.C Room Charge Calls (T)

When requested by the Consumer, and authorized by the Subscriber, the charges may be provided for inclusion on the hotel or motel bill of the Consumer. In such cases, the Company will provide a record of the call detail and charges to the hotel or motel for such billing purposes. The subscriber is solely responsible for the collection of room charges from its guests, and remains liable to the Company for all Room Charge calls regardless of whether such charges are in fact collected from the Consumer.

7.7.D Unanswered Calls (T)

The Company will not bill for unanswered calls. In the event that an unanswered call is inadvertently billed, the Company will cancel or refund all such charges upon request of the Billed Party. Any call for which the billed duration exceeds one minute shall be presumed to have been answered.

7.7 Billing Arrangements (Cont'd) (T)

7.7.E Call Splashing (T)

The Company will not engage in Call Splashing, unless the Consumer requests to be transferred to another Provider of Operator Services, the Consumer is informed prior to incurring any charges that the rates for the call may not reflect the rates from the actual originating location of the call, and the Consumer then consents to be transferred.

7.7.F Billing Entity Conditions (T)

When billing functions on behalf of the Company are performed by local exchange telephone companies, credit card companies or others, the payment conditions and regulations of such companies apply, including any applicable interest and/or late payment charges. In case of any disputed charges which cannot be resolved by the billing company, the Billed Party may contact the Company directly. If there is still a disagreement about the disputed amount after investigation and review by the Carrier, the Billed Party may file an appropriate complaint with the Commission. The address of the Commission is listed below:

INTRASTATE MESSAGE TELECOMMUNICATIONS SERVICE
AND OPERATOR SERVICES**8. Description of Services - Intrastate Operator Services (T)**

The Company offers Operator Services pursuant to this Tariff. All Operator Services are offered for the purpose of completing intrastate telephone calls to any ten-digit telephone number (area code plus seven-digit local number) within the State of South Carolina.

8.1 Collect Calls (T)

A call for which charges are billed, not to the originating telephone number, but to the destination or termination telephone number.

8.2 Third Party Calls (T)

A call for which charges are billed, not to the originating telephone number, but to a third party telephone number which is neither the originating nor the terminating telephone number.

8.3 Calling Card Calls (T)

A call for which charges are billed, not to the originating telephone number, but to a telephone calling card issued either by a local exchange or long distance telephone company for this purpose.

8.4 Room Charge Calls (T)

A call placed with the assistance of an operator, for which charges are collected by the Subscriber, normally a hotel or motel, from the guest or occupant of the room from which the call originated. A call of this type requires that the Company communicate the call detail and charges back to the originating Subscriber location following the completion of the call. This service is provided only where authorized by the Subscriber.

8.5 Person-to-Person Calls (T)

A call which is placed under the stipulation that the caller will speak only to a specific called party. Such a call is not completed until either the specific party named by the caller is contacted, or the caller agrees to speak to a different party. Any of the types of calls described in 8.1 to 8.4, above, may optionally be placed on a person-to-person basis. The caller must arrange with the operator to make a person-to-person call; otherwise, all calls will be treated as station-to-station.

9. Rates - Intrastate Operator Services (T)

This Section contains the Company's basic usage rates for telephone calls completed by means of its Operator Services. Other applicable charges are stated within this Tariff.

9.1 Application of Rate Tables (T)

The total charge for each completed operator assisted call consists of the following charge elements: (a) a measured usage charge dependent on the duration, distance and time of day of the call; (b) a fixed Operator Dialed surcharge, as set forth within this tariff, which will be dependent on the type of billing selected (*i.e.*, calling card, third party or other) and/or the completion restriction selected (*i.e.*, station-to-station or person-to-person); and (c) other charges as set forth in Section 9. The usage charge element is specified as a rate per minute which applies to each minute of call duration, with fractional minutes of use thereafter counted as one (1) full minute.

9.2 Taxes (T)

All Federal excise taxes, and state and local sales, use and similar taxes, are billed as separate line items and are not included in the quoted rates.

9.3 Timing of Calls (T)

Billing for calls placed over the Company network is based in part on the duration of the call. Timing of each call begins as specified below, and ends when the called party hangs up.

9.3.A Collect Calls (T)

Timing begins when the called party accepts the responsibility for payment.

9.3.B Person-to-Person Calls (other than Collect) (T)

Timing begins when the designated party comes on the line, or when the caller agrees to speak with a substitute party.

9.3.C All Other Calls (T)

Timing begins when the called station is answered, as determined by standard industry methods generally in use for ascertaining answer, including hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizing audio tone detection.
